Executive Ron Sims
King County Courthouse
Room 400
516 Third Ave.
Seattle, WA 98104-2312

Dear Executive Sims:

I am concerned that the E.I.S. for Lone Star's expansion is inadequate in its analysis of the aquifer impact. Please attend the hearing on the island on September 14th on the mine and listen to the concerns of islanders. I have supported your Senate race and other political works in the past because I was impressed with your environmental concern. I hope you can continue to support the protection of our environment

Michael Laurie
