**Pre-Application Scoping Meeting Request Form**

For alternate formats, call 206-296-6600.

**Pre-Application Scoping Meeting Request Form**

The Pre-Application Scoping process is intended solely to allow the Department of Development and Environmental Services (DDES) staff to review a **commercial** building permit proposal in order to prepare a Fee Estimate prior to permit intake. A Fee Estimate is required to schedule a commercial building permit intake appointment (excluding mechanical permits, tenant improvement permits, and sign permits). This Fee Estimate provides the applicant with a predictable fee amount and submittal requirements to be submitted at permit intake. This process does not provide any feedback or comments from DDES staff on the building permit proposal.

If a Fee Estimate has not been provided to you by a DDES Project Manager for your commercial building permit (excluding mechanical permits, tenant improvement permits, and sign permits) at a prior mandatory, voluntary, or limited pre-application meeting, and you are not seeking any feedback on your proposal, then you will need to follow this scoping process in order for a Fee Estimate to be prepared. Please see the reverse side of this form (page two) for further details regarding Scoping Pre-Application process. Please complete the spaces below to provide DDES staff with basic information about your project in order to start the Fee Estimate process.

Additional relevant information for DDES staff:

The fee for the Pre-Application Scoping Meeting is \$652.05. The payment is due at the time of submittal of the completed Scoping Pre-Application package which includes this request form and any associated project proposal documents. Please make checks payable to "King County Office of Finance." The payment may be submitted with the completed forms via mail or in person.

**Critical Area Disclaimer:**

*The undersigned applicant acknowledges:*

1. *That to the best of the applicant's knowledge, any critical areas on the development proposal site have not been illegally altered; and*
2. *That the applicant has not previously been found in violation of critical areas regulations for any property in King County, or alternatively, that if there have been any violations, such violations have been cured to the satisfaction of King County.*

By signing this form below, the applicant accepts **financial responsibility for all fees** associated with this action and will be mailed any refunds or invoices to the address above. The applicant also acknowledges that information provided at this meeting is subject to change if undisclosed features and/or issues are discovered on the subject property at a later date.

## Instructions for Pre-Application Scoping Meeting

The pre-application scoping process is an opportunity for DDES staff to review a **commercial** building permit proposal in order to prepare a Fee Estimate. This Fee Estimate is required for you to schedule a commercial building permit intake appointment. Without an approved Fee Estimate prepared by a DDES staff, you will be unable to schedule an appointment to submit a commercial building permit (excluding mechanical permits, tenant improvement permits, and sign permits). This process does not provide any feedback or comments on your proposal from DDES staff. If you would like feedback and/or comments on your proposal, you may want to explore the option of having a limited or voluntary pre-application meeting.

How is this different from the standard or more traditional pre-application meeting? The pre-application scoping process is generally intended for projects that do not meet the threshold for a required mandatory pre-application meeting (per K.C.C. 20.20.030) during which a Fee Estimate is normally prepared and projects not seeking any feedback prior to permit intake. Generally this includes smaller commercial permits, smaller multi-family projects, smaller additions, minor communication facilities, etc. that do not have a voluntary or mandatory pre-application meeting. This scoping process may also be needed when insufficient information was available at a previous pre-application meeting to prepare a Fee Estimate.

If you need this pre-application scoping process for a Fee Estimate, please complete the following checklist:

- Fill out the form on the back side (page one) of this document.
- Bring in or mail to:
  - King County DDES
  - Commercial Building Permit
  - 900 Oakesdale Ave. SW
  - Renton, WA 98057-5212
- Include with the completed request form one (1) set of the documents you intend to submit at your building permit intake appointment. Examples of documents might include building plans, civil plans, site plan, Technical Information Report, Traffic Study, Geotechnical Report, photographs, site reports, etc. DDES reserves the right to request corrected, detailed plans and/or additional materials before completing a Fee Estimate, if the materials submitted by the applicant are inconsistent with the requirements stated in DDES Customer Bulletin #8.
- Completed Pre-Applications: Commercial Building Permit Fee Quote Information form.
- The fee for the Pre-Application Scoping Meeting is \$652.05 Make checks payable to:  
"King County Office of Finance."

After your Pre-Application Scoping information and fee payment (see checkboxes above) are submitted via mail or in-person to our Renton address, DDES staff will be assigned to your project and will send the completed Fee Estimate for your proposal to your attention.

For questions, please contact:
 

David Sandstrom	at 206-296-7184
Sherie Sabour	at 206-296-6786

### **DDES offers many free bulletins that deal with construction and land use issues, which may answer your questions. These bulletins are available:**

- On the Web site at [www.kingcounty.gov/permits](http://www.kingcounty.gov/permits)
- In the lobby at our main office in Renton
- By calling 206-296-6600 and requesting them.

*The purpose of a pre-application conference is to review and discuss the application requirements with the applicant and provide comments on the development proposal. Information provided by King County Development and Environmental Services (DDES) staff, written or verbal, prior to, during or after pre-application processes is preliminary in nature and subject to changes in codes and regulations until such time that a formal building permit application is submitted and deemed complete. The applicant is responsible for determining whether a development proposal complies with applicable codes and regulations. The pre-application process is not intended to provide assurances that a development proposal will be approved by King County.*

**Check out the DDES Web site at [www.kingcounty.gov/permits](http://www.kingcounty.gov/permits)**
