STANDARDS FOR LOCATING AND INSTALLING NOTICE BOARD

Example only – DDES completes the following information and sends it to the applicant.

The notice board shall be located and installed to the specifications described below.

Number of Notice Boards required for this application: _____

Special Instructions:

Notice board shall be located:

- Midpoint on the site street frontage or as otherwise directed by DDES staff **to maximize visibility.**
- At a location 5 feet inside from the street property line; a notice board structurally attached to an existing building shall be exempt from the setback provisions, provided that no notice board is located not more than 5 feet from the property line without approval from DDES staff.
- So that the top of the notice board is between 7 to 9 feet above grade.
- **So that it is easily accessible and totally visible to pedestrians and does not obstruct the view of pedestrians or vehicular traffic.**

The applicant shall erect the notice board by solidly setting the post 12 to 18 inches into the ground; or structurally attach it to an existing building.

Two 4" x 4" 8-foot-long (minimum) posts and four washers, bolts and nuts (3/8-inch diameter and bolts are 5-inches long) shall be used to install the notice board.

Installation Certification

The notice board(s) must be installed within 14 days after DDES determines that the application is complete. The enclosed "Affidavit of Posting" must be signed and returned to DDES within 7 days following the date of posting.

MAINTENANCE AND REMOVAL OF THE NOTICE BOARD

The applicant shall maintain the notice board in good condition throughout the application review period, which shall extend through the time of the final county decision on the proposal and the expiration of any applicable appeal periods.

If the notice board is removed, DDES review of the land use application may be discontinued until the notice board is replaced and has remained in place for the required period of time.
