
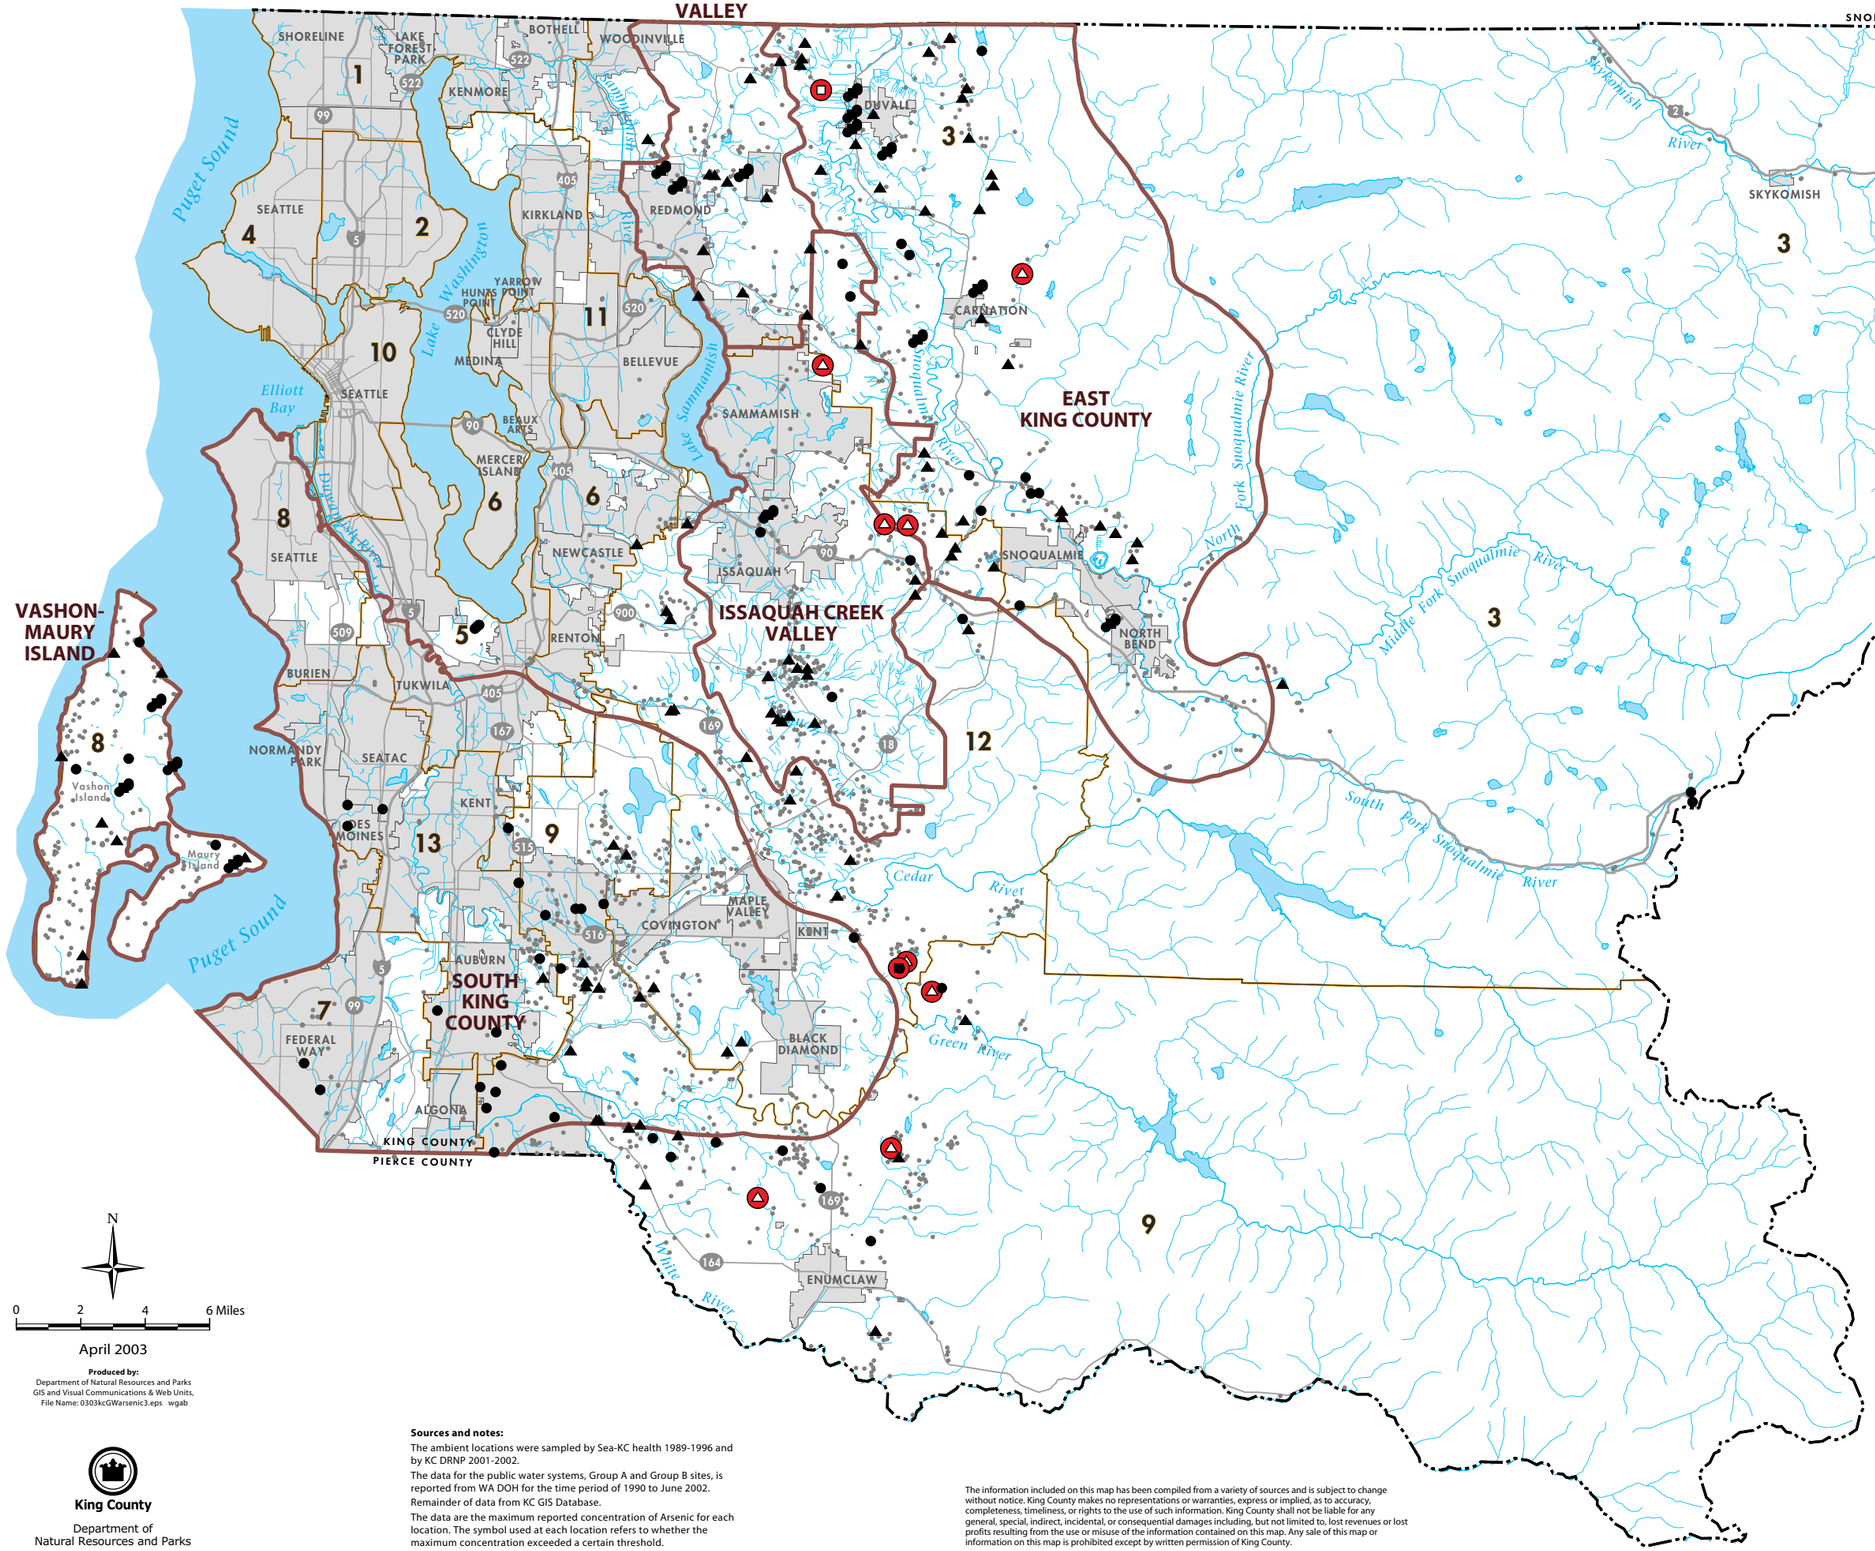

Figure 3

Results of Arsenic Monitoring

King County Groundwater Protection Program

Locations Where Arsenic Exceeds Health Standards

- >50 ppb* Ambient Monitoring Locations
- >50 ppb Group A Wells
- >50 ppb Group B Wells
- 11-50 ppb Ambient Monitoring Locations
- 10-50 ppb Group A Wells
- 11-50 ppb Group B Wells

- Other Monitored Well
- Groundwater Management Area Boundary
- 6 Metropolitan King County Council District and Number
- County Boundary
- Major Road
- River
- Stream
- Lake or Open Water
- Incorporated Area

* ppb=Parts per Billion=micrograms per liter
