## ACKNOWLEDGMENTS

The following individuals are acknowledged for their contributions to the monitoring efforts and production of this document.

King County Environmental Laboratory: John Blaine provided technical coordination for offshore sediment sampling, Judy Ochs for intertidal water sampling, Kevin Li for intertidal sediment, clam, and algae sampling, and Jean Power for offshore water column sampling. Bob Kruger post-processed all the CTD data. Katherine Bourbonais provided laboratory project management. The efforts of all the field sampling crew and analytical laboratory were greatly appreciated.

The time and efforts of the following reviewers were also greatly appreciated: Betsy Cooper (Coordinator of King County's Wastewater Treatment Division's NPDES program), Tim Determan (Washington State Dept. of Health), Brian Grantham (Washington State Dept. of Ecology), Scott Mickelson (King County Marine & Sediment Assessment Group). King County Environmental Laboratory: Diane McElhany (Metals), Environmental Services Section, and Katherine Bourbonais (Laboratory Project Manager).

Scott Mickelson provided coordination for the MOSS field sampling effort and produced the 2002 data appendices.

Amy Jankowiak and Carey Cholski from the Washington State Dept. of Ecology provided information regarding flows from Puget Sound wastewater treatment plants.
