BM10-MG	170.23	CP-¾IR W/MGS CC

This map has been photogrammetrically compiled from 1"=600' scale, 152.852 mm C.F.L. aerial photos to meet National Standard for Spatial Data Accuracy (NSSDA) at a map scale of 1"=100' or 1:1200. Publication or use at any larger scale will void any implied or stipulated accuracy standards. This map has not been comprehensively verified by field checks. Note: Field verification of map accuracy should occur prior to design level tasks that are dependent upon this map. Obscured areas are indicated by dashed contour lines, accuracy within these areas may vary in accordance with NSSDA standards.

Topography created by 3Di West of Eugene, Oregon
Topography based upon February 2006 Photogrammetry (3Di West GeoTerra Inc.), Horizontal/Vertical control (Orbitech Inc), and Ground and Bathymetric Surveys (Minister-Glaeser Surveying). Contour interval: 2ft
Vertical Datum: NAVD 88, Horizontal Datum: NAD 83 / 91 (HARN)
Coordinate System: Washington State Plane North Zone - feet
Vertical Datum Conversion Equation for Plate MG-7: NGVD29 ~ NAVD88 - 3.49'
(Conversion adjustment estimated for the center point of Plate MG-7 using Corpscon 6.0.1 - U.S. Army Corps of Engineers datum conversion program)
