

Please join us
in making the

Brightwater Grand Opening

a day to remember!

Saturday,
Sept. 24, 2011
9 a.m. to
4 p.m.

We are delighted to **invite you to participate** in the grand opening of the Brightwater Treatment System. In addition to celebrating the start up of this state-of-the-art facility that will serve our growing population and protect our region's health and environment, this historic event introduces the many community and educational amenities that will be available to the public as of the opening. These include an environmental learning center with an array of public meeting spaces, striking art, 70 acres of publicly accessible open space, three miles of trails, and 40 acres of restored fish and wildlife habitat.

There are multiple options for you to participate in this event;

- Provide a display and staff an information table
- Volunteer to help on the day of the event
- Host a hands-on activity in one of the two student education labs
- Host an activity in the natural habitat area
- Put on a program in the community hall

Let us know what you are interested in by filling out the form on the next page. We will be filling the agenda for the day as we get submissions, so the earlier you respond, the better.

**PARTICIPATION OPTIONS
AT THE BRIGHTWATER GRAND OPENING**

Please let us know how you want to participate as soon as possible. Spaces will be filled on a first-come first-served basis, and we request your reservation by **July 25, 2011**. After July 25, we will do our best to accommodate you, but may have a full schedule. As we confirm offerings, they will be added to the website and other promotional materials.

Place a check in the box of the item you're proposing. If you would like to run more than one program/activity, please submit one form for each proposal.

Information table or display

We will provide one six-foot table and two side chairs under a tent. You provide set up by 9 a.m. and staffing from 10:30 a.m. to 4 p.m. No power is available.

Host a program/activity in one of the following locations

- North 40 habitat area (e.g. bird watching hike)
- Main community hall (e.g. environmentally-oriented play, speaker, music)
- One of the two environmental labs (environmental learning activity)

Please provide the following information about the proposed program/activity:

1. Describe program/activity:

2. Describe space desired and any special requirements (i.e. audio-visual equipment, stage):

3. Intended audience (i.e. grade school students, wastewater engineers):

4. Maximum number of participants:

5. Experience/qualifications of person/group proposing program/activity (will use for promotional purposes if chosen):

6. Can you provide everything needed to carry out your program/activity as long as we provide the space?
