

Vashon/Maury Island Unincorporated Area Work Plans

2016 - 2017 King County Projects & On-going Programs

**Community Service Areas
King County's Unincorporated Communities**

King County

Welcome to the King County work plan for the Vashon-Maury Island Community Service Area of King County.

Contained in this document are the current work plans, initiatives, ongoing projects, and completed projects of King County departments and separately elected offices available in your community. We include contact information for the projects in case you would like further details on specific projects or initiatives.

King County's Community Service Area (CSA) program brings representatives of King County government to residents of unincorporated King County. In addition to the following work program, the CSA team hosts a series of town meetings throughout unincorporated King County as well as offers small grants to community organizations serving residents of unincorporated King County. For more information visit the CSA web site at:

<http://www.kingcounty.gov/exec/community-service-areas.aspx>

You can find more information about King County at the County's web site: www.kingcounty.gov

Specific information about initiatives lead by the King County Executive including the following priority initiatives: becoming the nation's best-run government; confronting climate change in King County; building equity and opportunity for all; and strengthening our regional transit mobility can be reached at the Executive's web site: <http://kingcounty.gov/elected/executive/constantine.aspx>

Your community is represented on the King County Council by Councilmember Joe McDermott, District 8. You can access your councilmember at joe.mcdermott@kingcounty.gov or <http://www.kingcounty.gov/council/mcdermott.aspx>.

Thank you for your interest in the many projects and initiatives underway in your community.

Performance, Strategy and Budget

- PSB will lead the development of the 2017/2018 biennial budget. Overall, the County's finances are in strong shape, but there are serious challenges in a few areas. For unincorporated area residents, the most significant issues are a projected gap in the General Fund of about \$50 million (out of a base of \$1.5 billion). This may lead to significant reductions in some services. In addition, funding for Roads continues to be far less than needed simply to maintain current infrastructure. No further cuts to Roads services are likely for 2017/2018 but backlogs will grow even more.

Metro Transit

Alternative Transit Service Study

Metro's Five Year Implementation Plan for Alternative Service Delivery has identified a portion of SE King County & Maple Valley, including the SR-169 corridor, as a candidate area for a potential demonstration project. The project's objective is to evaluate the feasibility of alternative transportation services that could provide the same or an improved level of mobility in the community, at less cost than existing fixed route services. The project started in March 2015 with planning and outreach and will continue into 2016, with final implementation in Fall 2016.

Doug Johnson 206.477.5837 • doug.johnson@kingcounty.gov

Service Guidelines Task Force

- In 2010, King County formed a Regional Transit Task Force which recommended that Metro create objective, data-based guidelines for planning and managing transit service. Metro responded to this recommendation, and the King County Council adopted the King County Metro Strategic Plan for Public Transportation and Service Guidelines in July 2011.
- After Metro had used these guidelines for several years in transit planning, the King County Executive and Council formed a new task force to further analyze how transit service is evaluated and allocated. The Service Guidelines Task Force worked from March through early October 2015, developing principles and recommendations for modifying the guidelines. More information can be found on Metro Online at <http://metro.kingcounty.gov/advisory-groups/service-guidelines-task-force/>
- On January 28, 2016, Metro reconvened the Task Force to share how the recommendations have been translated into policy proposals for the Regional Transit Committee and the King County Council.

Chris O'Claire 206.477.5801 • christina.oclaire@kingcounty.gov

Metro Long Range Plan

- King County Metro is working with stakeholders, riders and the public to develop a long range plan that will guide how the transit system grows and changes over the next 25 year. The Plan will present a shared vision for a future public transportation system that gets people where they want to go and helps our region thrive. It will describe an integrated network of transportation options, the facilities and technology needed to support those services, and the financial requirements for building the system. It is being developed in close coordination with Sound Transit and other transportation agencies.
- King County Metro will present a Draft Long Range Plan in 2016 for stakeholder and public feedback to help shape the final plan that will be transmitted to King County Council. More information is available online at kcmetrovision.org.

High Conservation Value Property Inventory Update

In 2015, the King County Council adopted the first update to the High Conservation Value Property Inventory (which was associated with the 2009 "Open Space Amendment" to the King County Charter that set a higher level of protection against changes of use or surplus on inventoried King County-owned property interests). The 2015 update adds 3,090 acres in fee and 845 acres in easement to the list of protected lands, and made technical corrections to the inventory. The updated High Conservation Value Property Inventory includes 105 sites, with a total acreage of 16,503 acres in fee and 142,623 acres in easement. Inventory update included sites throughout all CSAs except West King County CSA.

Volunteer Program Events

- Volunteers that participate in the King County Parks volunteer program provide more than 55,000 hours of service in our parks, trails and natural areas each year. From building and repairing backcountry trails to removing invasive blackberries and planting to promoting recycling and composting at summer concerts these volunteers are a vital part of the maintenance and improvement of the system. These volunteers play an important role in stewarding our 28,000 acres of open space. Sign-up for the volunteer newsletter for a listing of scheduled events in the area at: https://public.govdelivery.com/accounts/WAKING/subscriber/new?topic_id=WAKING_11
- If you, your group or business is interested in doing a volunteer project at your favorite KC Park site, please contact us so an event can be planned to fit your needs, or, if you're interested in other volunteer opportunities with Parks, please contact Volunteer Program Manager Laurie Clinton.

COMPLETED PROJECTS

Improved and expanded recycling services at Vashon Recycling and Transfer Station – a new recycling guide was created to inform island residents of the improved services. New services include:

- Free recycling of mercury-containing light bulbs and tubes (as part of a state product stewardship law)
- Installation of two new compactors for the collection of comingled recyclable materials – this increases efficiency and ease of the program and decreases hauling costs and carbon emissions.
- Initiation of yard and food waste collection pilot program as a partnership between the Solid Waste Division and Zero Waste Vashon. The purpose of the pilot is to assess the feasibility of future yard and food waste recycling services on Vashon.

King County Prosecuting Attorney

Office Overview

- The King County Prosecuting Attorney's Office employs over 500 people, including 210 attorneys.
- The Criminal Division represents the state and the county in criminal matters in the King County District and Superior Courts, the state and federal courts of appeal, and the Washington and U.S. Supreme Courts. The Criminal Division is responsible

for prosecuting all felonies in King County and all misdemeanors in unincorporated areas of King County.

- The Civil Division is the County's law firm. It serves as legal counsel to the Metropolitan King County Council, the County Executive and all Executive agencies, the Superior and District Courts, the County Assessor, independent boards and commissions, and some school districts. The division litigates cases on behalf and in defense of its clients, provides legal advice and assistance on all sorts of questions and projects, and issues formal written legal opinions from time to time.
- The Family Support Division is an integral part of the federal and state child support system. The deputies establish paternity for children born out of wedlock, ensure support obligations are enforced, and modify support amounts when necessary.

King County Prosecuting Attorney Cont'd.

Emerging Programs and Policy Overview

- 180 Diversion Program –diverts over 350 King County youth per year since 2011. In collaboration with community leaders, the PAO host motivational workshops for youth arrested for committing a misdemeanor violation. The purpose of the workshop is to help the youth identify their strengths, weaknesses, and provide tools to assist in making better decisions.
- Truancy Dropout Prevention Program—over 1200 petitions against truant youth are filed in juvenile court. In an attempt to reengage the youth and their family, the KCPAO hosts reengagement workshops to help identify what is preventing school attendance and with the help of the youth, their parent or guardian, and the school representative, an individualized education reengagement plan is developed.
- LEAD (Law Enforcement Assisted Diversion)—is a law enforcement diversion program that allows police officers to divert those engaged in a minor criminal act into services intended to address a drug addiction, mental health concern, homelessness, or some other root cause that informed their decision to engage in criminal conduct.
- Decriminalized DWLS 3 Cases—in August of 2014, the KCPAO modified its policy on the prosecution of DWLS 3 cases and the Office no longer pursues DWLS 3 cases. In addition, upon the decision to decriminalize these cases by making them a traffic infraction, we recalled all outstanding warrants related to a DWLS 3 matter.
- FIRS (Family Intervention Reconciliation Services) are a youth diversion program that will divert youth who have been arrested due to a domestic violence interaction with a parent or sibling. In looking at juvenile data, DV cases make up 17% of the juvenile unit caseload and of that 17%, 30% involve youth of color. Instead of prosecuting these cases, FIRS is a crisis intervention strategy. The PAO is in the process of modifying policy and practice to divert these cases to a crisis intervention program that will address the needs of the youth and their family.
- CJP (Community Justice Project) is a civil remedy project in which the PAO uses its municipal authority in under-served marginalized communities in unincorporated King County (White Center and Skyway) to address blighted properties that have become crime magnets. In partnership with the Department of Permitting and Environmental Services, the King County Sheriff's Office, and other King County agencies, the goal of the PAO is to prioritize safety issues identified by the community to increase public safety in under-served communities using civil remedies as an enforcement tool instead of the traditional criminal prosecution.

Community Engagement

- The PAO routinely participates in public speaking events in which a discussion about criminal justice reform and the impact on communities with a focus on those communities most impacted by crime. The community engagement strategy includes presentations to the community discussing the emerging trends impacting the criminal justice system and PAO criminal justice reform strategies. Emerging trends that the PAO covers in community presentations include:
 - Exclusionary School Discipline Practices

- Recidivism
- Racial and Ethnic Disproportionality
- Mental Health Reform
- Sentence Reform
- Drug Reform
- Prison Reform
- More Education/Vocational Opportunities
- More Mental Health Services
- Creation of a Sustainable Reentry System
- Remove unnecessary barriers to reentry

Public Defense services are provided through the King County Department of Public Defense. The Department of Public Defense screens applicants for eligibility and provides legal help to people who are accused of a crime and cannot afford an attorney. The Department of Public Defense also provides legal help to people who cannot afford an attorney and are facing other matters such as juvenile dependency, civil commitment, or civil contempt.

King County Sheriff's Office

- The King County Sheriff's Office consists of over 1,000 commissioned and professional staff employees who provide services to unincorporated King County. These services include reactive 9-1-1 patrol, search & rescue, undercover drug and gang enforcement, property crime investigations, homicide, assault, robbery and sexual assault investigations, as well as a variety of other services including concealed weapons licensing, fingerprinting, etc.
- The Sheriff's Office utilizes a Precinct Model for deploying deputies throughout King County. Formal roll calls are incorporated that give sergeants the opportunity to work with their deputies on crime trends, protocol, procedure, and values.
- Deputies are assigned to fairly consistent patrol areas. This allows them to become familiar with citizens, businesses, and residential areas in their assigned patrol districts. They are expected to build relationships and learn the particular problems in an area or neighborhood, as well as focus on crime trends.
- Precincts are referred to as Precincts #2, #3, & #4...or Northeast, Southeast, and Southwest, respectively. Precinct #2 is in Sammamish City Hall, Precinct #3 is in the Hicks Raburn Precinct building in Maple Valley, and Precinct #4 is in Burien.
