# Community Gardens Rules

These rules are designed to help the garden run smoothly for all. We appreciate the cooperation and community spirit that makes this a successful program. However, any gardener who continues to break these rules after warning will lose their plot(s) which will be re-assigned without a refund.

- 1. Gardeners are responsible for all tilling, cultivating, weeding, fertilizing, watering, end of season clean up, and all other care of their plots. *Plants on the State's Noxious Weed List are not allowed.* See the web page at [www.dnr.metrokc.gov/wlr/lands/weeds/index.htm](http://www.dnr.metrokc.gov/wlr/lands/weeds/index.htm)
- 2. Gardeners must begin working in their assigned plots by the 1<sup>st</sup> Sunday in April. **To maximize use of limited space, plots not worked by the second Saturday in May will be reassigned and no refund given.**
- 3. All plots are rented on a year-round basis. **However by October 31<sup>st</sup> gardeners who are not doing winter gardening are required to remove all non-plant materials from their plots** including plastic pots, wire tomato cages, stakes, tools, tires, etc. **If gardeners fail to adequately clean out their plots, parks maintenance staff will do so and those gardeners will be billed for the clean-up. Also, those gardeners will not be reassigned plots the following year.**
- 4. The King County Community Gardening Program is an **organic gardening program**. Use of pesticides, herbicides, and insecticides made from synthetic materials as well as use of chemical fertilizers is strictly forbidden. Slug bait is permitted only when used in enclosed containers, which must be removed from the site after use. Use of raw human or animal waste, including "hot or green" manure is not allowed due to environmental and health concerns, however fully composted manures such as steer and chicken manure are allowed. For information on organic fertilizers and pest control, call the **Master Gardener Hotline at 206-296-3440.**

- 5. Community Gardens are to be used for recreational gardening and for growing vegetables and flowers for family use only. *Growing vegetables and flowers for commercial purposes is prohibited.*
- 6. Place community garden plant materials in the designated compost areas. Do not pile weeds and rocks in the pathways. Doing so will prohibit mowing of paths. Place non-plant materials (plastic, wire, trash) in garbage bags *next to* compost bins for removal, not in the compost bin.
- 7. **Gardeners must be present at their plots while watering them.** Drip irrigation, soaker hoses, and other irrigation may not be left on unattended. Please conserve water as much as possible, and minimize use of sprinklers, especially between 10am – 6pm.
- 8. If you witness or experience garden theft or vandalism, please notify police by calling police at 206-296-3311 to file a report, as well as the Recreation Office 206-205-3661. **Due to the open nature of parks and garden sites, Parks is not responsible for loss of garden supplies, tools or equipment. DO NOT LEAVE YOUR TOOLS OR SUPPLIES IN THE GARDENS!**
- 9. Motorized vehicles and equipment, with the exception of small rototillers, mowers, and weed-whackers, are not allowed in the gardens.
- 10. Dogs and other animals are NOT allowed in the garden area at any time.
- 11. There is no smoking in the gardens. Research shows that tobacco can transmit a virus to tomatoes.
- 12. Gardeners may not keep open containers of water on the premises. These are perfect breeding grounds for mosquitoes that may carry and spread viruses that are dangerous to humans
- 13. Since plots are close together, gardeners must keep plots relatively free of weeds, especially when weeds are seeding, to avoid spreading them to other plots. **NO WILDFLOWERS, TREES OR SHRUBS PLEASE.**
