For driving directions:

www.kcls.org/northbend/directions.cfm

This meeting is about the potential flood risks associated with the large beaver dam at McLeod Lake and the resources available to you.

Who should attend: The users and neighbors of North Fork Road SE and 440th SE, North Bend.

What will be discussed:

- Flood risks posed by the beaver dam at McLeod Lake
- What to do in case of flooding
- The reasons for King County installation of the "beaver deceiver" pipe at McLeod Lake beaver dam

Join the McLeod Lake / Tate Creek project team to learn about the "beaver deceiver" pipe installed at McLeod Lake beaver dam and how it will help reduce flooding of North Fork Road SE.
