

Help Salvage Native Plants!

Dig in with other volunteers digging up trees and shrubs from this site scheduled for development. In the afternoon, we'll be potting up the salvaged plants so they can recuperate before going to King County habitat restoration sites. Once replanted, these native plants will help reduce erosion, shade streams and provide habitat. Special thanks to Yarrow Bay Holdings for providing the salvage site.

When:

Saturday, March 3, 2012
9:00 a.m. to 12:00 p.m. Salvage at site
1:00 p.m. to 4:30 p.m. Potting at Holding Facility

Where:

Black Diamond

Directions: To Salvage Site

From I-405 near Renton, Take highway 169 to Black Diamond. Turn right on Roberts Drive. Go approximately 1.5 miles and turn right onto Lake Sawyer Road SE. Turn around legally and park on the west shoulder as directed by parking attendants.

To the Native Plant Holding Facility

From I-5 or I-405, take I-90 east to Highland Drive exit (exit 18) in Issaquah. Stay left on the off ramp to continue onto Highland Dr. Drive through several lights. Turn right onto Issaquah-Fall City Road. Just past Endeavor Elementary School, stay straight onto Duthie Hill Road. The holding facility is in Duthie Hill Park (on the right) 27101 Duthie Hill Road.

Notes:

A parent or guardian must accompany volunteers under 16 years old. Dress for the weather and be prepared to get dirty. Sturdy shoes or boots are recommended. We'll provide gloves, tools and light refreshments.

Not a morning person? Volunteers also needed at our Native Plant Holding Facility from 1:00 until 4:30 to help pot up the salvaged plants.

FREE plants are available to volunteers who salvage plants for King County and for those who help pot them!
