

# Federal Way SUSTAIN Modeling

- Case Study for Applying SUSTAIN to a Small Watershed in the Puget Lowland –  
<https://fortress.wa.gov/ecy/publications/SummaryPages/1303009.html>

- Project objectives:
  - Is SUSTAIN an appropriate tool?
  - What are the most influential information gaps?
    - BMP costs and removal efficiencies
    - Especially for toxic chemicals
  - Recommendations
