Seattle Transportation Benefit District Proposition No. 1 Transportation Funding The Seattle Transportation Benefit District Board passed Resolution No. 12 concerning funding for Metro Transit service benefitting the City of Seattle. If approved, this proposition would fund preservation of transit service on existing routes primarily serving Seattle that are proposed to be cut beginning in 2015. A portion of the funds collected would support regional transit service and improved access for low-income transit riders. This proposition would authorize an additional annual vehicle license fee of \$60 per registered vehicle with a \$20 rebate for low-income individuals and authorize a 0.1% sales and use tax. Both the fee and the tax would expire by December 31, 2020.

Should this proposition be approved? <input type="radio"/> Yes <input type="radio"/> No
West Electoral District Judge Position No. 3 nonpartisan office vote for one <input type="radio"/> Art Chapman <input type="radio"/> Write-in	As an alternative, the Seattle City Council and Mayor have proposed Proposition 1B (Ordinance 124509), which would fund the four-year initial phase of a City early learning program with the goal of developing a widely-available, affordable, licensed, and voluntary preschool option. The Ordinance requires support, training and certification for teachers. The program uses research-based strategies, includes evaluation of results, and provides tuition support. This proposition authorizes regular property taxes above RCW 84.55 limits, allowing additional 2015 collection of up to \$14,566,630 (approximately 11¢ per \$1,000 assessed value), totaling \$58,266,518 over four years.
