King County now conducts all elections by mail – an easy, convenient and accessible process that simplifies the way elections are run.

King County has options for voters with disabilities. Three accessible voting centers are available for voters who may need assistance casting their ballot.

Each center is operated by trained staff and has equipment designed to make voting accessible for everyone. The touch screen accessible voting unit features lap paddles and sip-and-puff devices, an audio option, and large and high contrast font to aid voters.
