# Dockton Forest

Dockton Forest and Natural Area is managed to protect and enhance its ecological values, to provide opportunities for low-impact recreation, and to demonstrate ecologically sustainable forest management. Dockton Forest was previously owned and managed by the Washington State Department of Natural Resources (DNR). King County acquired one 20 acre parcel through the state's Trust Land Transfer program, and a 40-acre parcel through fee acquisition.

The natural area parcels were acquired with Conservation Futures funding as part of the Maury Island Initiative. A variety of community partners on Vashon and Maury Island, including the Vashon Maury Island Land Trust, the Vashon Forest Stewards, Vashon Audubon, the Vashon equestrian community and the Vashon mountain biking community support our efforts to preserve and protect the Dockton Forest and Natural Area.

### Area

426 acres (includes Maury Island Natural Area)

### Total trail length

9 miles (includes Maury Island Natural Area)

### Trail uses

Hiking, horseback riding, mountain biking.

### Access

There is a trailhead and gravel parking lot that can accommodate horse trailers on **Dockton Road SW** across from the park and boat launch.

There is trail access and shoulder parking along **SW 260th Street** and a small gravel parking area at **SW 264th Street and 94th Ave SW**.

This information is available in alternative formats upon request.

# DOCKTON FOREST

Dockton Forest and Natural Area, along with the adjacent Dockton Park, is 152 acres of working forest, saltwater shoreline and natural park lands located on the south-central part of Maury Island. There is an extensive trail system throughout the 152 acres that is used by hikers, equestrians and mountain bikers, and Dockton Park provides a public boat launch and moorage. Dockton Forest comprises six parcels totaling 86 acres, the natural area protects over 40 acres of upland forest and 2 acres of saltwater shoreline along Quartermaster Harbor.
