

Duthie Hill Park

Duthie Hill Park is a fun and challenging place to ride, with many opportunities to develop skills and provides an exceptional riding experience for mountain bikers of all ages, styles and skill levels. A 6-mile network of rolling cross country singletrack trails forms a four-leaf clover shape around the park, with the 2.5-acre central clearing serving as the hub. Inside each cloverleaf, freeriders will find a network of downhill-only trails loaded with berms, jumps and drop-offs. In the clearing, riders will appreciate the informational kiosks, skill-building features, engraved donor bench, picnic shelter and a great central location to socialize.

From Duthie riders can also venture onto the trails at Grand Ridge Park, which connects directly to the south, and Soaring Eagle Park less than 2 miles to the north. Ride safe and have fun!

DUTHIE HILL

Duthie Hill Park is 130 acres of dense evergreen forest on the Sammamish Plateau. It is connected to more than 2,000 acres of public open space that includes Grand Ridge Park, Mitchell Hill Forest and Preston Ridge Park. The lush rolling forest of Douglas fir and western hemlock provides an excellent setting for the mountain bike park, which was developed in partnership with the Evergreen Mountain Bike Alliance and hundreds of volunteers, as part of King County's Community Partnership Grant program.
