- Is the project consistent with the Transportation 2040: Yes **x** No ____

Project Description - No more than two full page - (see evaluation criteria for information to include):

- Briefly describe the project

Project will construct Segment A of the Lake to Sound Trail linking Renton and Tukwila, a 1-mile-long paved and soft-surface regional trail (shared-use path.)

- What is the intended outcome & benefit

Project will create a dedicated off-road nonmotorized connection between two regional urban centers. Trail will provide connection via the Green River Trail to Regional Trails System for bicyclists, pedestrians, and other active transportation uses. Link will enhance overall nonmotorized circulation and improve commute options.

Project Status & Timeline

Where is the project at in development?

Project is currently in design and permitting phase.

What is the timeline for this project from start to completion?

(Please identify the major phases)

Construction could start and be completed in 2013.

Additional Comments

Project would be initial phase of the overall Lake to Sound Trail, a 16-mile long active transportation corridor in south King County providing mobility opportunities to urban areas currently unserved by this type of facility. Project will also provide an important commuter link between Renton and Tukwila.
