SUMMARY OF RECOMMENDATIONS:

Department's Preliminary Recommendation:	Approve 3.10 acres for 20% of market value
Department's Final Recommendation:	Approve 3.10 acres for 20% of market value
Examiner's Recommendation:	Approve 3.10 acres for 20% of market value

PRELIMINARY REPORT:

The DNRP Report on file no. E11CT043 was received by the Examiner on January 20, 2012.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on February 1, 2012, in the West 1201 Conference Room, 12th Floor, KC Courthouse, 516 Third Avenue, Seattle, Washington. The affidavit of notice publication was received February 7, 2012.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS, CONCLUSIONS AND RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:1. **General Information:**

Owner(s):	Richard Goodfried and Mary McCauley 464 Crockett Street Seattle, WA 98109
Location:	21605 111th Avenue SW, Vashon
PBRS categories proposed:	<p>Open Space Resources Aquifer protection area Buffer to public or current use classified land Active trail linkage Rural stewardship land Significant wildlife or salmonid habitat Surface water quality buffer Watershed protection area</p> <p>Bonus categories Resource restoration Additional surface water quality buffer</p>
Categories recommended:	<p>Open Space Resources Aquifer protection area Buffer to public or current use classified land Significant wildlife or salmonid habitat Surface water quality buffer Watershed protection area</p> <p>Bonus categories Resource restoration (conditional) Additional surface water quality buffer</p>
STR:	NW 7-22-3
Zoning:	RA-5
Parcel no.:	0722039031
Recommended PBRS:	3.10 acres

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Timely application was made to King County for PBRS program current use valuation of the property to begin in 2013. Notice of the application was given as required by law.
3. Except as modified herein, the facts set forth in the DNRP Preliminary Report and testimony at the February 1, 2012, public hearing are found to be correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
4. Change to DNRP Staff Report:

Page 5, Section E, Rural stewardship land staff's comment on this category erroneously refers to qualifications for the rural open space category, rather than the qualifications for the requested rural stewardship land category. The error, however, does not negate the fact that the property does not qualify for award under the rural stewardship land category.
5. The property contains priority open space resources and is eligible for a total award of 28 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 20% of market value for 3.10 acres.
6. Additional credit may be awarded administratively under the resource restoration category subject to submittal of resource restoration plan by **July 2, 2012**, and subsequent approval by **September 1, 2012**. Award of credit under this category would increase the point total by 5 points, with no direct effect on the current use valuation for the enrolled portion of the property.

CONCLUSION:

1. Approval of current use valuation of 20% of market value for 3.10 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 20% of market value for 3.10 acres of the property, subject to the conditions recommended in the DNRP report and the following conditional allowance:

- A. Additional credit may be awarded administratively under the resource restoration category subject to submittal of resource restoration plan by **July 2, 2012**, and subsequent approval by **September 1, 2012**. Award of credit under this category would increase the point total by 5 points, with no direct effect on the current use valuation for the enrolled portion of the property.

DATED March 6, 2012.

Peter T. Donahue
King County Hearing Examiner
