Table Notes

1. Initial prioritization made using five basic criteria - connectivity, aesthetic/scenic value, timing/relationship with other projects, public support, and urban/rural centers connections.
2. Second level prioritization - recognizes projects already underway (construction or design/permitting) and prioritizes to ensure continuity of development
3. Third level prioritization recognizes continuity of corridor development
4. Priorities have been grouped as categories and do not necessarily correspond to listing number.
5. Eastside BNSF Trails appear in this listing but have not been prioritized.
6. GR-2.2 added to address missing link along 259th Street SE in Kent.
7. 2007 budget estimates based on fixed 6 percent inflation rate.
