## **SECTION 1 Instruction To Bidders**

### **1.1 Introduction**

The purpose of this Invitation to Bid is to establish a contract to provide goods or services on an as-needed basis. Any quantities listed herein are for bidding purposes only and represent King County's estimated annual requirements. The County will be neither obligated nor restricted to the quantities or locations indicated.

### **1.2 Bid Submittal Procedure**

**The original and two (2) copy(s), with one electronic copy of Attachment A, in Excel format** of this solicitation document shall be completed, signed and submitted. Failure to return the solicitation document may result in disqualification of the Bidder. The original shall be noted or stamped "original". Bids and modifications thereof shall be enclosed in a sealed envelope, with the "Bid Opening Label" completed and affixed.

Bidders are encouraged to use recycled paper in the preparation of additional documents submitted with this solicitation, and shall use both sides of paper sheets where practicable.

Sealed bids shall contain all required attachments and information and be submitted to King County (hereinafter "County") no later than the date, time and place stated on the front of this ITB or as amended. The bidder shall show the title and number, the due date specified, and the name and address of the bidder on the face of the envelope. Bidders are cautioned that failure to comply may result in non-acceptance of the bid. The Bidder accepts all risks of late delivery of mailed bids or of mis-delivery regardless of fault. Bids properly and timely submitted will be publicly opened.

Bids will only be accepted from Contractors able to complete the delivery of goods or services described in the specifications. Joint ventures shall submit one bid for the team, with accompanying proof of the joint venture agreement.

If a company chooses not to submit a bid, the County requests the company advise the Buyer by email if they desire to remain listed for the subject of this ITB and state reason they did not submit a bid.

### **1.3 Electronic Commerce and Correspondence**

King County is committed to reducing costs and facilitating quicker communication to the community by using electronic means to convey information. As such, most Invitations to Bid, Requests for Proposal, and Requests for Qualifications as well as related exhibits, appendices, and issued addenda can be found on the King County Internet Web Site, located at <http://www.kingcounty.gov/procurement>. Current bidding opportunities and information are available by accessing the "**Solicitations**" tab in the left hand column.

King County Procurement Services features an **Online Vendor Registration (OVR)** program that permits vendors, consultants and contractors to register their business with the County. This OVR system allows interested parties to either directly register their firm by creating a unique User ID, or to visit the website as a guest. Information regarding bid documents will be available to all users; however, site visitors accessing the site as a guest will not be able to document their interest in a project or add their name to the document holder's list. They will receive no automatic notification of issued addenda. As such, the County encourages full registration in order to directly communicate with document holders regarding any issued addenda or other important information concerning the solicitation.

After submittals have been opened in public, the County will post a listing of the businesses submitting proposals, and later, any final award determination.

Full information on vendor registration is available at the website.

#### **1.4 Alterations to Document**

Any addition, limitation or provision made or attached to the bid may render it non-responsive and/or irregular and be cause for its rejection.

Bidders may be required to submit additional documents as part of the bid package. Any alteration of such documents by erasure or interlineations shall be explained or noted and initialed by the Bidder.

#### **1.5 Late Bids**

Bids, modifications of bids, and withdrawal of bids received at the office designated in the solicitation after the exact hour and date specified for receipt will not be considered.

#### **1.6 Cancellation of ITB or Postponement of Bid Opening**

The County reserves the right to cancel the ITB at any time.

The County may change the date and time for submitting bids prior to the date and time established for submittal.

#### **1.7 Addenda**

Bidder shall acknowledge receipt of all "Addenda" issued during the bid process. Failure to acknowledge receipt of all addenda may result in a bid being determined non-responsive.

If at any time, the County changes, revises, deletes, clarifies, increases, or otherwise modifies the ITB, the County will issue a written Addendum to the ITB.

#### **1.8 Questions and Interpretation of the ITB**

No oral interpretations of the ITB will be made to any Bidder. All questions and any explanations must be requested in writing and directed to the Buyer no later than seven (7) days prior to the due date specified in the solicitation. Oral explanations or instructions are not binding. Any information modifying a solicitation will be furnished to all bidders by an addendum.

**Days**, as referenced in this document, are calendar days unless otherwise specified.

Communications concerning this bid, with other than the listed Buyer may cause the Bidder to be disqualified.

#### **1.9 Examination of Bid Documents**

The submission of a bid shall constitute an acknowledgement upon which the County may rely that the Bidder has thoroughly examined and is familiar with the ITB, including any work site identified in the ITB, and has reviewed and inspected all applicable statutes, regulations, ordinances and resolutions addressing or relating to the goods or services to be provided hereunder.

The failure of a Bidder to comply with above requirement shall in no way relieve the Bidder from any obligations with respect to its bid or to any Contract awarded pursuant to this ITB. No claim for additional compensation shall be allowed which is based upon a lack of knowledge or misunderstanding of this ITB.

#### **1.10 Modifications of Bid or Withdrawal of Bid Prior to Bid Due Date**

At any time before the time and date set for submittal of bids, a Bidder may submit a modification of a bid previously submitted to the County. All bid modifications shall be made in writing, executed and submitted in the same form and manner as the original bid.

Bids may be withdrawn by written notice received prior to the exact hour and date specified for receipt of bids. A bid also may be withdrawn in person by a Bidder or authorized representative provided their identity is made known and they sign a receipt for the bid, but only if the withdrawal is made prior to the exact hour and date set for receipt of bids. All requests for modification or withdrawal of bids, whether in person or written, shall not reveal the amount of the original bid.

### **1.11 Bid Withdrawal After Public Opening**

Except for claims of error granted by the County, no Bidder may withdraw a bid after the date and time established for submitting bids, or before the award and execution of a Contract pursuant to this ITB, unless the award is delayed for a period exceeding the period for bid effectiveness.

Requests to withdraw a bid due to error must be submitted in writing along with supporting evidence for such claim for review by the county. Evidence must be delivered to the county within two (2) business days after request to withdraw. The County reserves the right to require additional records or information to evaluate the request. Any review by the County of a bid and/or any review of such a claim of error, including supporting evidence, creates no duty or liability on the County to discover any other bid error or mistake, and the sole liability for any bid error or mistake rests with the Bidder.

### **1.12 Cost of Bid and Samples**

The County is not liable for any costs incurred by Bidder in the preparation and evaluation of bids submitted. Samples of items required must be submitted to the location and by the time specified. Unless otherwise specified, samples shall be submitted with no expense to the County. If not destroyed by testing, samples may be returned at the bidder's request and expense.

### **1.13 Collusion**

By signing this bid, the Bidder certifies that they have not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding. If the County determines that collusion has occurred among Bidders, none of the bids from the participants of such collusion will be considered. The County's determination will be final.

### **1.14 Bid Effective Date**

All bids submitted shall be a firm bid for a minimum period of 90 days after the bid opening date, unless otherwise stated in writing in the bid. The County may request a Bidder grant an extension of the bid effective period.

### **1.15 Bid Price and Tax**

The bid price shall include everything necessary for the prosecution and completion of the Contract, except as may be provided otherwise in this ITB.

Bid Prices shall include all freight charges, FOB to the designated delivery point(s).

Taxes: Sales/use taxes and Federal excise taxes shall not be included in the bid price. The County shall pay any Washington State sales/use taxes applicable to the Contract price or tender an appropriate amount to the Contractor for payment to Washington State. The Bidder is cautioned that taxes may be a factor in evaluating the total cost of bid.

The County is exempt from Federal excise and Transportation taxes. All other government taxes, duties, fees, licenses, permits, royalties, assessments and charges shall be included in the bid price. Said exemption is made pursuant to Chapter 32 of the Internal Revenue Code and Registry No. A-1 02374. When requested, an exemption certificate will be furnished.

### **1.16 Protest Procedures**

King County has a process in place for receiving protests based upon invitation to bid or contract awards. The protest procedures are available at <http://www.kingcounty.gov/procurement/faq>, Suppliers web page.

## **SECTION 2 Bid Evaluation and Contract Award**

### **2.1 Evaluation of Bids**

Bids will be evaluated by the County to determine which bid, if any, may be deemed to be the low responsive bid from a responsible bidder, and should be accepted in the best interest of the County.

The King County Contracting Opportunities Program is incorporated in this ITB. The determination of lowest responsive, responsible bidder will include the application of the five (5) percent incentive factor for Small Contractors and Suppliers (SCS).

King County may use prompt payment discount terms in evaluation of this ITB; however, discounts terms of less the twenty (20) days will not be considered. Minimum acceptable payment terms by the County without benefit of twenty (20) day discount will be net 30 days.

In the event of a discrepancy between the unit price and the extended amount for a bid item, the unit price will govern.

### **2.2 Responsive and Responsible**

#### **Responsive**

The County will consider all the material submitted by the Bidder, and other evidence it may obtain otherwise, to determine whether the Bidder is in compliance with the terms and conditions set forth in this ITB.

#### **Responsible**

In determining the responsibility of the bidder, the County may consider:

- the ability, capacity and skill to perform the Contract or provide the service required (inspection of the bidder's facility may be required prior to award);
- the character, integrity, reputation, judgment and efficiency;
- financial resources to perform the Contract properly and within the times specified;
- the quality and timeliness of performance on previous contracts with the County and other agencies, including, but not limited to, the effort necessarily expended by the County and other agencies in securing satisfactory performance and resolving claims;
- compliance with federal, state and local laws and ordinances relating to public contracts;
- other information having a bearing on the decision to award the Contract.

Failure of a bidder to be deemed responsible or responsive may result in the rejection of a bid.

### **2.3 Financial Resources and Auditing**

If requested by the County, prior to the award of a contract, the bidder shall submit proof of adequate financial resources available to carry out the execution and completion of work required by this contract.

King County reserves the right to audit the Contractor throughout the term of this contract to assure the Contractor's financial fitness to perform and comply with all terms and conditions contained within this contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of United States Department of Transportation ("USDOT")— assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy, as the County deems appropriate.
- B. Prompt Payment. The Contractor agrees to pay each Subcontractor under this Contract for satisfactory performance of its Contract no later than thirty (30) Days from the receipt of each payment the Contractor receives from the County. The Contractor agrees further to return retainage payments to each Subcontractor within thirty (30) Days after the Subcontractor's Work is satisfactorily completed. Any delay or postponement of payment from the above referenced period may occur only for good cause following written approval of the County. This clause applies to both DBE and non-DBE Subcontractors.
- C. Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations either by competitive bidding or negotiation made by the Contractor for Work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential Subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this Contract and the Regulations relative to nondiscrimination on the grounds of race, color or national origin.

## 5.6 Disadvantaged Business Enterprise Requirements.

- A. DBE Participation. The County has not established a DBE goal for this Contract. In accordance with this section, the County has an overall annual DBE goal of thirteen percent (13%) for FTA assisted projects. However, the County requires that the Contractor report any actual DBE participation on this Contract to enable the County to monitor accurately DBE program compliance.
- B. Reporting Requirement. The USDOT requires that the Contractor report any actual DBE participation on this Contract to enable the County to monitor DBE participation accurately and for reporting purposes.
- C. DBE Eligibility. A DBE means a business certified as a DBE by the Washington State Office of Minority and Women's Business Enterprise (OMWBE).
- D. DBE Listing. A Directory of DBE firms certified by the Washington State Office of Minority and Women's Business Enterprises (OMWBE) is available online at the following website address: <http://www.omwbe.wa.gov/directory/directory.htm> Telephone the OMWBE at 360-753-9693. **All DBE firms must be certified by OMWBE.**
- E. Counting DBE Participation. The County will count DBE participation toward its annual overall DBE goal as provided for in 49 CFR 26.55.
  - 1. DBE Contractor. The County will only count the Work a DBE Contractor performs with its own forces as well as the Work performed by DBE Subcontractors with their own work forces.
  - 2. Joint Venture. When a DBE performs as a participant in a joint venture, King County will only count that portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the Work that the DBE performs with its own forces.
  - 3. Commercially Useful Function. The County will count expenditures to a DBE contractor only for DBEs who perform a commercially useful function on that contract.
    - 5.6.E.3.1. DBE performs a commercially useful function when it is responsible for execution of the Work of the Contract and is carrying out its responsibilities by actually performing, managing, and supervising the Work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, installing (if applicable) and paying for the material itself.

- 5.6.E.3.2. DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract or project through which funds is passed in order to obtain the appearance of DBE participation.
  - 5.6.E.3.3. A DBE does not perform a commercially useful function if it fails to exercise responsibility with its own work force for at least 30 percent of the total cost of its contract, or the DBE subcontracts a greater portion of the Work of a Contract than would be expected on the basis of normal industry practice for the type of Work involved.
4. Expenditures with DBEs. Expenditures with DBEs for materials or supplies shall be counted as provided in the following:
- 5.6.E.4.1. **Manufacturer.** If the materials or supplies are obtained from a DBE manufacturer, count 100 percent of the cost of the materials or supplies towards the DBE goal. A manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.
  - 5.6.E.4.2. **Regular Dealer.** If the materials or supplies are purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies. A regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.
  - 5.6.E.4.3. To be a regular dealer a firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.
  - 5.6.E.4.4. A Person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business, as provided in this Section (4)(b), if the Person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or of the cost of the materials and supplies themselves shall be counted.
  - 5.6.E.4.5. Contract-by-contract basis.
  - 5.6.E.4.6. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers.
5. Purchases from a DBE. With respect to materials or supplies purchased from a DBE who is neither a manufacturer nor a regular dealer, count the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, provided the fees are reasonable and typical for the services rendered. No part of the cost of the materials and supplies themselves shall be counted.

## 5.7 Disadvantaged Business Enterprise and Other Small Business Participation

The County encourages Contractors to carry out the following steps to facilitate DBE and other small business participation, which may be either on a direct basis in response to this solicitation or as a Subcontractor to a bidder.

- B. Select portions of the Work to be performed by Subcontractors to increase the likelihood that DBE and other small businesses' goals will be achieved
- C. Provide interested Subcontractors with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.
- D. Negotiate in good faith with interested DBEs and other small businesses.
- E. Avoid rejecting DBEs and other small businesses as being unqualified without sound reasons based on a thorough investigation of their capabilities. The Contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the Contractor's efforts to obtain DBE and other small business participation.
- F. Make efforts to assist interested DBEs and other small businesses in obtaining bonding, lines of credit, or insurance as required by the recipient or Contractor.
- G. Make efforts to assist interested DBEs and other small businesses in obtaining necessary equipment, supplies, materials, or related assistance or services.
- H. - B. Furnish within twenty (20) working days following the date of loading for shipments originating within the United States, or within thirty (30) working days following the date of loading for shipment originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph A of this section, to the County, through the prime Contractor in the case of Subcontractor bills-of-lading, and to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590, marked with appropriate identification of the project.

Re: Buy America Waiver; ArvinMeritor Axle Parks and Valves; WA-90-X443

Dear Mr. Tordillos:

This letter is in response to your letter of September 14, 2010, requesting a waiver of the "Buy America" provision as it applies to King County Department of Transportation's purchase of ArvinMeritor axle parts and valves ("ArvinMeritor parts"). This purchase would be part of your regular purchase of a variety of ArvinMeritor parts under specifications for some 238 most commonly used items.

You advise that King County has determined that only OEM ArvinMeritor parts are approved for use in the repair of the buses in question. The contract procurement was competitively bid and no vendors can comply with Buy America. King County intends to award the contract to three companies, North America Bus Industries, Gillig and AxleTech under a five-year term contract. Based on the above-noted grant in TEAM, no funds awarded to King County under the America Recovery and Reinvestment Act will be used for this contract.

The Federal Transit Administration's (FTA) general requirements concerning domestic preference for the procurement of manufactured products are set forth in 49 U.S.C. Section 5323(j). Under 49 U.S.C. 5323(j)(2)(B), those requirements shall not apply if the item or items being procured are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality. The implementing regulation provides that a waiver will be granted, "if the grantee provides sufficient information which indicates that the item to be procured is only available from a single source or that the item to be procured is not produced in sufficient and reasonably available quantities or of a satisfactory quality in the United States." 49 C.F.R. 661.7(c)(2).

Based on the information you have provided, FTA has determined that the grounds for a "non-availability" waiver exist. Therefore, pursuant to the provision of 49 U.S.C. Section 4323(j)(2)(B), a waiver is hereby granted for the above-noted contract. This letter applies to the issue of the application of Buy America to this procurement.

Sincerely,

Theodore Y. Uyeno  
Regional Counsel
