King County Executive

Kurt Triplett

King County Council

Bob Ferguson, District 1
Larry Gossett, District 2
Kathy Lambert, District 3
Larry Phillips, District 4
Julia Patterson, District 5
Jane Hague, District 6
Pete von Reichbauer, District 7
Dow Constantine, Chair, District 8
Reagan Dunn, District 9

King County Council Staff

Michael Huddleston
Beth Mountsier
Mike Reed

Department of Natural Resources and Parks

Theresa Jennings, Director
Bob Burns, Deputy Director

Solid Waste Division

Kevin Kiernan, Division Director
Terri Hansen, Assistant Division Director
Thea Severn, Planning and Communications
Manager
Jeff Gaisford, Recycling and Environmental
Services Manager
Victor Okereke, Interim Engineering Services
Manager

Brad Bell, Operations Manager
Ann Berrysmith, Finance and Administration
Services Manager

Jane Gateley, Principal Author
Amy Wurz, Graphic Artist/Photographer
Ned Ahrens, Photographer
Solid Waste Division technical staff and
project managers

Service Area Mayors

David Hill	Algona
Pete Lewis	Auburn
Richard Leider	Beax Arts
Grant Degginger	Bellevue
Howard Botts	Black Diamond
Mark Lamb	Bothell
Joan McGilton	Burien
Mike Flowers	Carnation
George Martin	Clyde Hill
Margaret Harto	Covington
Ben Sheckler	Des Moines
Will Ibershoff	Duvall
John Wise	Enumclaw
Jack Dovey	Federal Way
Fred McConkey	Hunts Point
Ava Frisinger	Issaquah
David Baker	Kenmore
Suzette Cooke	Kent
James Lauinger	Kirkland
Dave Hutchinson	Lake Forest Park
Laure Iddings	Maple Valley
Mark Nelson	Medina
Jim Pearman	Mercer Island
Ben Varon	Newcastle
Shawn McEvoy	Normandy Park
Kenneth Hearing	North Bend
Richard Hildreth	Pacific
John Marchione	Redmond
Denis Law	Renton

Don Gerend	Sammamish
Ralph Shape	SeaTac
Cindy Ryu	Shoreline
Charlotte Mackner	Skykomish
Matt Larson	Snoqualmie
Jim Haggerton	Tukwila
Scott Hageman	Woodinville
David Cooper	Yarrow Point

Past and Current Solid Waste Advisory Committee Members (2006 to present)

David Allison
 Carolyn Armanini
 David Baker
 William A. Beck
 Robert Beckwith
 Joe Casalini, Chair
 Bob Dixon
 Don Freas
 Richard Gelowicz
 Steve Goldstein
 Jerry Hardebeck
 Sean Kronberg
 Joan McGilton
 Suellen Mele
 Chris Paulson
 Mike Pearia
 Max L. Pope
 Carolyn Prentice
 Ray Schlien
 Philipp Schmidt-Pathmann
 Relaena Sindelar
 Judy Stenberg, Vice Chair
 Joe Tessier
 Dave Whitley
 Bill Ziegler

Metropolitan Solid Waste Management Advisory Committee Members

Jean Garber, Chair City of Newcastle
 Jessica Greenway, Vice Chair City of Kirkland

Including representatives from the following cities:

Algona
 Auburn
 Bellevue
 Bothell
 Burien
 Clyde Hill
 Covington
 Federal Way
 Kenmore
 Kent
 Kirkland
 Lake Forest Park
 Mercer Island
 Newcastle
 Normandy Park
 Redmond
 Renton
 SeaTac
 Shoreline
 Snoqualmie
 Tukwila
 Woodinville

CONTENTS

Acronyms, Abbreviations, and Common Terms	xi
--	-----------

Forward.....	xv
---------------------	-----------

Chapter 1 - Introduction

Taking a Regional Approach to System Planning	1-3
Leading the Way in Waste Prevention, Recycling, and Product Stewardship	1-4
Expanding the Collection of Recyclable and Compostable Materials.....	1-6
Building a New Generation of Transfer Stations.....	1-6
Managing Solid Waste Disposal with an Eye Toward the Future	1-8
Financing Solid Waste Operation for the Long-Term	1-8
Protecting Natural Resources through Environmental Stewardship	1-9
Turning Landfill Gas Into Green Energy	1-9
Managing Illegal Dumping and Litter	1-10
Illegal dumping	1-10
Community Litter Cleanup.....	1-11
Secure Your Load	1-11
Providing Technical Assistance for Contaminated Site Cleanup	1-12
Brownfields Program.....	1-12
Contaminated Sites Program	1-13
Summary of the Plan Organization	1-13

Chapter 2 - Solid Waste System Planning

Policies

A Regional Approach to Solid Waste Planning and Management	2-2
Regional Authorities and Roles	2-4
Stakeholder Involvement in the Planning Process	2-6
The Current Planning Process	2-7
Planning Tools and Forecasting for the Future	2-10
Data Gathering and Reporting	2-10
Tonnage and Transaction Data	2-10
Reports from Curbside Collection Companies and State Survey Data	2-11
Waste Monitoring Program and Telephone Surveys	2-11
Focused Planning Studies.....	2-12
Planning Studies	2-12
Evaluation of Technologies	2-13
Waste Prevention and Recycling Studies.....	2-13
Other Plans Considered.....	2-14
Additional Planning Considerations	2-14
Climate Change.....	2-14
Equity and Social Justice.....	2-15
Forecasting for the Future	2-16

Chapter 3 - Waste Prevention and Recycling

Policies

Summary of Recommendations

Goals for the Future	3-2
Waste Prevention and Recycling Goals.....	3-3
Tools Used to Meet the Recommended Goals	3-5
Status of Regional Waste Prevention and Recycling Efforts.....	3-7
Past and Current Regional Waste Prevention and Recycling Efforts	3-7
Benefits of Waste Prevention and Recycling Efforts.....	3-15
Current Data on Regional Waste Generation, Recycling, and Disposal.....	3-15
Single-Family Residents	3-17
Multi-Family Residents	3-18
Non-Residential Generators	3-19
Self-haulers	3-20
Generators of Construction and Demolition Debris.....	3-23
Turning Wastes to Resources	3-25
Priority Materials for Curbside Collection	3-26
Priority Materials for Collection at King County Transfer Facilities	3-27
Markets for Recyclable Materials.....	3-28
Electronic Products.....	3-28
Container Glass.....	3-29
Plastics	3-30
Organics	3-31
Clean Wood.....	3-31
Asphalt Shingles	3-32
Gypsum Wallboard.....	3-32
Tracking Our Progress.....	3-32
Reports from the Collection Companies.....	3-33
Ecology Survey Data	3-34
Waste Characterization Studies	3-35
Solid Waste Characterization Studies.....	3-35
Organics Characterization Studies.....	3-36
Construction and Demolition Debris Characterization Studies	3-36

Chapter 4 - Collection and Processing

Policies

Summary of Recommendations

The Mechanics of Collection and Processing	4-4
Collection of Solid Waste and Recyclables	4-4
Curbside Collection in Rural Areas	4-6
Curbside Collection of Bulky Items for Residents	4-6
Collection of Sharps	4-7
Processing of Commingled Recyclables.....	4-8

Residential Collection.....	4-10
Range of Materials Collected.....	4-11
Size of Collection Container	4-12
Frequency of Collection	4-16
Fee Structure	4-18
Single-Family Residential Collection	4-18
Multi-Family Residential Collection.....	4-20
Non-Residential Collection.....	4-23
C&D Collection and Processing	4-24
Management of Residuals from C&D Processing.....	4-27

Chapter 5 - Solid Waste Transfer System

Policies

Summary of Recommendations

The Transfer System and Services.....	5-4
Services for Construction and Demolition Debris	5-6
Services for Household Hazardous Wastes.....	5-7
Trends in Transfer Station Usage.....	5-8
Evaluation and Planning for the Urban Transfer Stations	5-11
Level of Service.....	5-13
Station Capacity	5-13
Effects on Surrounding Communities	5-15
Future Plans for the Urban Transfer Stations	5-17
Evaluation and Planning for the Rural Transfer Facilities.....	5-23
Host City Mitigation	5-25
Transfer Facility Siting	5-26
Transfer Services After an Emergency.....	5-27

Chapter 6 - Landfill Management and Solid Waste Disposal

Policies

Summary of Recommendations

Background of the Cedar Hills Regional Landfill	6-2
Extending the Life of the Landfill	6-6
Operational Efficiencies.....	6-6
New Area Development – Updating the Site Development Plan.....	6-8
Diversion of Waste	6-9
Current Strategies for Waste Diversion.....	6-9
Future Strategies for Waste Diversion	6-9
Disposal Options Once Cedar Hills Closes	6-9
Export to an Out-of-County Landfill	6-11
Conversion Technologies.....	6-13
Screening and Evaluation Criteria for Disposal Options.....	6-14
Restoration of Closed Landfills	6-16
Post-Closure Monitoring and Maintenance	6-16

Beneficial Reuse of Landfill Properties	6-18
Disposal of Special Wastes.....	6-19
Disposal Services After an Emergency.....	6-19

Chapter 7 - Solid Waste System Finance

Policies

Summary of Recommendations

Funding of Solid Waste Services and Programs.....	7-1
Solid Waste Division Revenues	7-3
Solid Waste Division Expenditures	7-5
Operating Costs	7-5
Administrative Costs.....	7-5
Debt Service	7-5
Transfers to Other Funds.....	7-7
Influences on Future Costs and Revenues.....	7-9
Waste Prevention and Recycling.....	7-9
Operational Efficiencies.....	7-10
Landfill Tippers	7-10
Solid Waste Compactors	7-10
Potential Changes in the Fee Structure	7-10
Closure of the Cedar Hills Regional Landfill	7-11
New Revenue Sources.....	7-11
Sales from the Landfill Gas-to-Energy Facility.....	7-11
Greenhouse Gas Offsets.....	7-12
The Federal American Recovery and Reinvestment Act	7-12

Chapter 8 - References

Figures

Figure 1-1 King County service area.....	1-2
Figure 2-1 Current areas of potential annexation	2-17
Figure 2-2 Projection of solid waste generated, recycled, and disposed 2010 – 2030.....	2-19
Figure 3-1 2007 recycling and disposal by generator type.....	3-16
Figure 3-2 2007 recycling and disposal by single-family residents	3-17
Figure 3-3 2007 recycling and disposal by multi-family residents.....	3-18
Figure 3-4 2007 recycling and disposal by non-residential generators	3-20
Figure 3-5 2007 recycling and disposal by transfer facility self-haulers.....	3-21
Figure 3-6 2007 C&D diverted and disposed	3-24
Figure 3-7 Recycling potential of materials disposed in 2007	3-27
Figure 4-1 Solid waste management system in King County	4-3
Figure 5-1 Locations of solid waste facilities.....	5-3
Figure 5-2 Total tons processed at transfer stations and disposed at Cedar Hills (1988 – 2008).....	5-9

Figure 5-3	Percent of total tons and transactions at transfer stations by hauler type (2008).....	5-10
Figure 5-4	Most common customer reasons for self-hauling	5-11
Figure 5-5	Locations of existing and planned solid waste facilities.....	5-19
Figure 6-1	Current layout of the Cedar Hills Regional Landfill.....	6-4
Figure 6-2	Locations of closed landfills	6-17
Figure 7-1	Solid Waste Division fund structure	7-2
Figure 7-2	Sources of revenue in 2008	7-4
Figure 7-3	Expenditures in 2008.....	7-6
