

**Keeping Students Safe**  
**Protecting Environmental Health in Schools**  
**Indoor Air Quality and Asthma, Pest Control, Green Cleaning and**  
**Maintenance Practices**

**A FREE Workshop for District Operations  
and Maintenance Personnel, Administrators, Nurses  
and Risk Managers in King County Schools**

**Wednesday, April 12, 2006**

**12:00 p.m. - 4:00 p.m.**

**Puget Sound Educational Service District Offices, Renton**

The health and safety of children can be affected by the cleaning and maintenance practices used in school buildings. Come hear how local experts and school districts are dealing with the challenges of:

- **Indoor Air Quality and Asthma** – What experts are finding in schools
- **Maintenance and Cleaning** – Real life examples of what schools can do
- **Pesticides** – Local success stories for indoor and outdoor pest control

Also learn about the **King County Green Schools Program** and **EPA's Tools for Schools**, a new computer database for tracking maintenance tasks.

**Register by April 1, 2006!**
