

Earth Challenge: The Choice is Rs

King County Assembly Program

Here's what teachers said about the program in 2007-2008:

[The actors] seemed extremely well prepared and practiced. They were ready for any unscripted eventuality the kids threw at them!

– Kindergarten teacher, McAuliffe Elementary

Your enthusiasm is amazing! Thank you for the passionate performance. We are all a lot more informed.

– 3rd grade teacher, Lake Dolloff Elementary

Very informative! So much data presented in an entertaining way. You had their attention from start to finish.

– 6th grade teacher, Emerald Park Elementary

My students were so proud/pleased that we already had a recycle bin and a re-use box in our classroom. They now intend to use it even more often!

- 4th grade teacher, Brookside Elementary

I liked how they showed the kids simple ways to make a difference. It really got them talking and excited.

– 2nd grade teacher, Carl Sandburg Elementary

Wow! This was the best! The kids loved it. Thank you for helping to facilitate this very important discussion.

– 4th grade teacher, Smith Elementary

The kids loved the assembly! We had a great discussion afterward about being more careful with our purchases. Thank you!

- 5th grade teacher, Cascade Ridge Elementary

Very informative and memorable! Our class has been doing the 'R-R-R-R' chant' daily!

- Endeavour Elementary teacher

The program is so good, year after year. I continue to learn things!

- 2nd grade teacher, Cascade View Elementary

The format of the presentation was cleverly written to engage the students. Yeah! Well done!

- Woodin Elementary

It was awesome! The kids got very excited about recycling and now remind each other to use our re-use box, its great!

- 2nd grade teacher, Woodin Elementary
