

Green Business of the Year

City Program to highlight waste reduction

The City of Kent has introduced a recognition program for businesses that are doing an exceptional job with waste reduction, recycling and purchasing recycled content products. This year the City will select one Kent business as the Kent Green Business of the Year. The award winner will receive a plaque, window decal and a company profile in the Business Recycling Program newsletter to alert customers that their business is the Kent Green Business of the Year. The award will be given in conjunction with America Recycles Day in November.

To be eligible for the award, your business must demonstrate the following:

- Recycle at least 60% of solid waste.
 - Practice six or more waste prevention strategies.
 - Use six or more recycled products.
 - Involve employees, suppliers, customers and/or the general public in preventing waste, recycling and using recycled products.
- **Get the recognition you deserve! Call a Recycling Specialist at (206) 852-5831 for an application or visit our web site: www.kentrecycles.com.**
 - **Emerald City Graphics was awarded the 2005 Kent Green Business of the Year award. This year it could be your company.**
