PROTECT OUR EARTH

You make choices every day that
affect our natural resources and
environment. Using resources wisely,
and protecting the environment can
help keep your utility costs down and
create a healthier community.

KEEP YOUR STORMDRAINS CLEAN:

- ◆ Keep leaves and debris away from
stormwater drains. It is up to all of
us to clean stormwater drains in our
neighborhoods. Compost leaves in
your garden.
- ◆ Regularly clean your gutters.

KEEP YOUR PIPES FAT-FREE:

- ◆ Pour or scrape all fats, liquid oils or
grease into a container.
- ◆ Wipe pots and pans with a paper
towel before washing.
- ◆ Toss the paper towel into the trash.

For large amounts of grease, such as
from a turkey fryer, contact
Standard Biodiesel at 206.388.3869.
This is a free service with no minimum.
Or contact a restaurant to see if they will
dispose of your grease with theirs.

LOWER YOUR GARBAGE BILL:

Allied Waste Services/SeaTac Disposal
206.682.9735

Your solid waste rates are based
on the size of your garbage can.
The smaller the can, the less you pay.
Switching from a 90-gallon can to a
60-gallon may save you more than
\$96 a year!
