E-Cycle Washington

Washington now has a FREE recycling program called "E-Cycle Washington" for computers, computer monitors, laptops, and televisions. Call **1-800-RECYCLE** or visit **1800recycle.wa.gov** to find authorized E-Cycle Washington collection locations.

In the SeaTac area you may drop off computers, computer monitors, laptops, and televisions at no charge at most Goodwill, Salvation Army and St. Vincent de Paul stores. Please note - drop off locations may change. Computer peripherals such as keyboards, mice, and printers are not included in this program but will be accepted at SeaTac's Recycling Collection Events.

Why recycle electronics?

Many electronics, especially TVs and computers, contain toxic materials such as lead, cadmium and mercury. Reusing and recycling electronics keeps these toxic materials out of our landfills and incinerators and also recovers valuable resources.

The electronic equipment that the E-Cycle Washington program collects will be taken apart and separated into materials such as glass, plastic, metal and toxic chemicals. All recycling will follow performance standards set up by the Department of Ecology.
