Please note - drop off locations and charges may change and quantities accepted may be limited. Please also note that computer peripherals such as keyboards, mice, and printers are not included in this program but will be accepted for free at the Skykomish Recycling Collection Event.

# Compost Bin Sale

Start backyard composting to save resources and money. Composting is a natural process that turns yard waste into rich soil. Yard waste—grass, leaves, old flowers—contain mostly water. Once the water dries, rich soil is all that's left. Compost bins normally retail for about \$100, but Skykomish residents will pay only \$15 (cash only). Quantities are very limited. Residents are limited to one compost bin per household.

Limit one per household
