All items \$20 each. Cash only. While supplies last. No pre or post event sales.

Washington State Criminal Justice Training Center

To encourage the use of recycled content material and more efficient use of water, the cities of Burien and Normandy Park are offering recycled plastic **rain barrels** at a huge discount. In addition, start backyard composting with a **compost bin** to save resources and money. Composting is a natural process that turns yard waste into rich soil. Yard waste contains mostly water. Once the material decomposes, rich soil is all that's left.

Worm composting is an efficient way to convert kitchen scraps into nutrient-rich compost for your garden. Simple to assemble and can be stored in or outside. Made in the U.S.A. and constructed from high quality recycled plastic.
