Drop off locations and conditions may change. Quantities accepted are limited. Computer peripherals such as keyboards, mice, and printers are not included in this program but will be accepted at City Recycling Collection Events. Beware, it is always a good idea to delete or remove all personal information from any item you are recycling - better safe than sorry.

Rain Barrel, Compost, and Worm Bin Sale

Saturday - May 4, 2013 - starting at 9 am

All items \$20 each. Cash only. While supplies last. No pre or post event sales.

To encourage the use of recycled content material and more efficient use of water, Maple Valley is offering recycled plastic **rain barrels** at a huge discount. In addition, start backyard composting with a **compost bin** to save resources and money. Composting is a natural process that turns yard waste into rich soil. Yard waste contains mostly water. Once the material decomposes, rich soil is all that's left.

Worm bin composting is an efficient way to convert kitchen scraps into nutrient-rich compost for your garden. Simple to assemble and can be stored in or outside. Made in the US and constructed from high quality recycled plastic.

Please Note:

No flat beds or dump trucks allowed. We reserve the right to refuse oversized, commercial, contaminated, excessive or unacceptable loads.
