

ACKNOWLEDGEMENTS

The authors of this report want to thank their King County WLRD colleagues who participated with us in conducting the summer 2000 and summer 2001 habitat inventories in the mainstem Snoqualmie River and the summer 2001 stream walks in the Raging River, Griffin Creek, and the Tolt River: Kirk Anderson, Terry Butler, John Koon, Gino Lucchetti, and Ruth Schaefer. Thanks also to former WLRD colleagues Tim Hyatt, David Jacobs, and John Small and to Washington Trout staff Jamie Glasgow, Bill McMillan, Frank Staller, Lynn Villela, and Joseph Yacker for their participation in the summer 2000 field work. John Small developed the data dictionary that was used in the summer 2000 habitat inventory; he and Ken Zweig of the WLRD Rivers Section instructed the report authors and other field crew in use of the GPS data loggers.

We also appreciate the thorough, insightful review of the draft version of this report by our WLRD colleagues Kirk Anderson, Terry Butler, Gino Lucchetti, Liz Ritzenthaler, Ruth Schaefer, James Schroeder, and Jennifer Vanderhoof. Thanks, too, to the other WLRD staff members who contributed to this report: Constance Carlson and Collene Gaolach—maps; Wendy Gable Collins—report cover and pie charts; Ken Rauscher—GIS data; and Tom Ventur—report formatting and production of graphs and tables.
