the map has been photogrammetrically compiled from 1"=600' scale, 152.852
m C.F.L. aerial photos to meet National Standard for Spatial Data Accuracy
(NSSDA) at a map scale of 1"=100' or 1:1200. Publication or use at any larger
scale will void any implied or stipulated accuracy standards. This map has not
been comprehensively verified by field checks. Note: Field verification of map
accuracy should occur prior to design level tasks that are dependent upon this
map. Obscured areas are indicated by dashed contour lines, accuracy within
these areas may vary in accordance with NSSDA standards.

Middle Green River Flood Boundary Work Map
King County, Washington
