

2018

**Greater Maple Valley/Cedar River CSA
Work Plans**

King County

GREATER MAPLE VALLEY/CEDAR RIVER AREA lies east of the cities of Renton and Kent and north of Covington, Maple Valley and Black Diamond and extends east to the border with Kittitas County. The western portion of this CSA has low rolling hills with several lakes, while the eastern portion moves into the Cascade Range, including portions of the Forest Production District and part of the Mount Baker-Snoqualmie National Forest.

Welcome to the King County work plan for the Greater Maple Valley/Cedar River Community Service Area of King County.

Contained in this document are the current work plans, initiatives, ongoing projects, and completed projects of King County departments and separately elected offices available in your community.

We include contact information for the projects in case you would like further details on specific projects or initiatives.

King County's Community Service Area (CSA) program brings representatives of King County government to residents of unincorporated King County. In addition to the following work program, the CSA team hosts a series of town meetings throughout unincorporated King County as well as offers small grants to community organizations serving residents of unincorporated King County. For more information visit the CSA web site at: <http://www.kingcounty.gov/exec/community-service-areas.aspx>

You can find more information about King County

at the County's website: www.kingcounty.gov

Specific information about initiatives lead by the King County Executive including the following priority initiatives: becoming the nation's best-run government; confronting climate change in King County; building equity and opportunity for all; and strengthening our regional transit mobility can be reached at the Executive's web site: <http://kingcounty.gov/elected/executive/constantine.aspx>

Your community is represented on the King County Council by Councilmember Reagan Dunn, District 9. You can access your councilmember at <http://www.kingcounty.gov/council.aspx>. He can also be reached at 206.477.1009, reagan.dunn@kingcounty.gov.

Thank you for your interest in the many projects and initiatives underway in your community.

Alan Painter
Manager, King County's Community Service Area Program

ASSESSOR'S OFFICE

Property Assessments

2018 Property Valuation and Tax Update

- Provide property tax relief to qualified King County property owners.
- Provide proactive workshops on property tax relief programs, with an emphasis on senior citizen property tax exemptions. Assessor's staff will be available at these workshops to help citizens understand the requirements for the property tax relief, and to register them for the programs, if they qualify.
- Provide detailed valuation and property tax updates for property owners and residents in the unincorporated community service areas.
- Provide physical inspection schedules for all unincorporated community service area neighborhoods and increase public education on the Washington State revenue system at unincorporated community service area community meetings.

COMMUNITY & HUMAN SERVICES

Community Services Operations Programs

Civil Legal Services

Information about civil legal services is available by calling 2-1-1 for non-urgent and non-criminal situations. In case of emergency, call 9-1-1.

Legal assistance is provided to help people in situations including but not limited to:

- legal issues relating to domestic violence or sexual assault
- housing-related legal issues
- people from marginalized communities such as refugees or immigrants
- people living on low incomes
- youth needing legal assistance
- help accessing benefits.

Scott Ninneman 206.263.9072 | scott.ninneman@kingcounty.gov

Domestic Violence (DV) Services

Information about domestic violence (DV) services is available by calling 2-1-1 for non-urgent inquiries, or at <http://www.kingcounty.gov/depts/prosecutor/victim-community-support/domestic-violence.aspx>. In case of emergencies including if you or a loved one is in danger, call 9-1-1. Survivors of domestic violence and their families may also contact any DV agency in the county for assistance.

Scott Ninneman 206.263.9072 | scott.ninneman@kingcounty.gov

Older Adults Services

Information about services for older adults and their caregivers is available by calling Community

Living Connections at 206.962.8467 or toll free at 1.844.348.5464

The City of Enumclaw Senior Center, Greater Maple Valley Community Center/Senior Center and the Black Diamond Community Center/Senior Center are located in this unincorporated area. The Centers offers services to address social isolation, improve physical and emotional health, and address nutritional needs by serving lunches on certain days of the week.

City of Enumclaw's Senior Center

1350 Cole St, Enumclaw, WA 98022 • 360.825.4741

Greater Maple Valley Community Center/Senior Center

King County Mental Illness and Drug Dependency (MIDD)

King County’s Mental Illness and Drug Dependency (MIDD) is a countywide 0.1% sales tax generating about \$134 million in the 2017-2018 biennium. The funds support programs and services for people living

with mental health conditions and/or substance use disorders. King County’s MIDD is managed and operated by the King County Department of Community and Human Services Behavioral Health and Recovery Division. A 36-member advisory committee provides guidance to the implementation and evaluation of MIDD programs and services. Among MIDD’s forthcoming new initiatives will be a new fund to provide small grants for behavioral health-related projects and activities initiated by King County’s rural communities (grant program launch is expected during 2018).

Communities of Opportunity (COO)

Communities of Opportunity is a network of residents, communities, decision-makers, and funders who believe every community can be a healthy, thriving community—and that equity and racial justice are both necessary and achievable. COO is supported by an innovative public-private partnership between King County and Seattle Foundation to improve the health and well-being of communities across King County.

COO works to achieve more equitable community conditions through community partnerships in geographic and cultural communities, systems and policy change, and shared learning. COO coordinates opportunities for learning, capacity building, and technical assistance available to a wide range of community organizations. Early investments are bringing partnerships together in White Center, SeaTac/Tukwila, Kent, rural Snoqualmie Valley, Seattle’s Rainier Valley and Central District, within Vashon’s Latinx community, the Seattle urban Native community, and LGBTQ community, to support and test community-driven solutions. In addition, a diverse group of more than 50 organizations across the County received grants to engage in systems/policy work that influences health, social, economic and racial equity.

COMPLETED PROJECTS

Veterans, Seniors & Human Services Levy (VSHSL)

Community Meetings

At these events, King County residents were invited to participate in a community conversation on the ▶

Community & Human Services Continued

strengths and needs of their community with staff from the Department of Community and Human Services. In total, King County hosted 28 conversations, nine focus groups, and four online surveys. The input received through this process informed the populations, result areas, and development of the Veterans, Seniors and Human Services Levy, Ordinance 18555 placed on the ballot November 7, 2017.

Adam Schmid (206) 477-9338 | adam.schmid@kingcounty.gov

King County Council - Ordinance 18555

On July 20, 2017 the King County Council approved Ordinance 18555, authorizing placement of the Veterans, Seniors and Human Services Levy (VSHSL) on the November 7, 2017 ballot. Planning for the VSHSL was conducted by the Department of Community and Human Services and informed by departmental research, stakeholder consultation and community feedback. The VSHSL was passed by King County voters on the November 2017 General Election.

Adam Schmid 206.477.9338 | adam.schmid@kingcounty.gov

ONGOING PROJECTS

Veterans, Seniors & Human Services Levy (VSHSL) - Community Engagement (2018)

Public participation is vital to the VSHSL Implementation Plan and the ongoing development of the VSHSL. King County residents can provide input through a series of online surveys (available in multiple languages) on the VSHSL Planning website: www.kingcounty.gov/VSHSLPlanning. This website will share updates and stories on the VSHSL, host surveys for your input, provide a calendar of public meetings, and publish reports throughout the VSHSL.

- Protecting the Public Safety by providing resources to hold convicted offenders accountable for their actions.

Call Center 206.205.9200

EXECUTIVE OFFICE

Executive Office - Performance, Strategy & Budget

Budget

King County uses a biennial (two-year) budget and the 2017-2018 Budget was adopted in November 2016. Several amendments have been made since but none has significantly affected County services. There has been considerable concern that federal budget changes would adversely affect certain County services, but such changes have been minor so far.

The County is beginning the process to develop the 2019-2020 Budget. Most funds are in good fiscal condition, but revenue limitations mean there is continuing stress on the General Fund, Roads Fund, and Public Health Fund. Reductions in services paid for from the General Fund and Public Health Fund are likely. The Roads Fund is stable but has far less money than is needed to maintain the existing roads system. PSB continues to support tax reform efforts to address these long-term financial problems.

Dwight Dively 206.263.9687 | dwight.dively@kingcounty.gov

Jonathan Swift 206.263.9699 | jonathan.swift@kingcounty.gov

Continuous Improvement

PSB continues to deploy the Lean continuous improvement methodology to transform the systems, tools, processes, and culture in County operations to drive greater efficiency and effectiveness in the services and products we provide to our communities.

Gary Kurihara 206.263.8026 | gary.kurihara@kingcounty.gov

Performance & Strategy

PSB continues to use proven management tools such as strategic planning, performance measurement, public performance reporting, visual management, and Executive performance reviews to align key County priorities, ensure accountability for strategic and operational performance, and to communicate to the public how the County is doing on delivering effective, efficient, and equitable services.

The Criminal Justice Strategy and Policy Section will continue to work on advancing systemic criminal justice reforms including alternatives to incarceration, ▶

Executive Office continued

reducing recidivism, and supporting the Executive's path to zero youth detention initiative.

Michael Jacobson 206.263.9622 | michael.jacobson@kingcounty.gov

King County Comprehensive Plan Implementation

PSB leads updates to the King County Comprehensive Plan, most recently in 2016. PSB will coordinate and monitor work on several Action Items included in Chapter 12: Implementation. A number of these efforts will include public engagement and outreach, including:

- Review of the Transfer of Development Rights Program (Dept. of Natural Resources and Parks),
- Initiation of an Alternative Housing Demonstration Project (i.e., small-home developments- Dept. of Community and Human Services),
- Development of a Bicycle Planning Network Report (Dept. of Transportation),
- Review of the Four to One Program (Office of Performance, Strategy and Budget), and
- Response to a recent court decision regarding permit-exempt wells in the rural area (Dept. of Permitting & Environmental Review).
- Additional information on these activities and other long-range planning activities will be shared publicly over the coming months as they develop and will be shared with people on the Comprehensive Plan Mailing list, which can be accessed at www.kingcounty.gov/compplan/.

Ivan Miller 206.263.8297 | ivan.miller@kingcounty.gov

EXECUTIVE SERVICES

RALS (Records & Licensing Services)

Community Service Centers (CSCs)

The King County Community Service Center (CSC) Program works to make it easier to do business with King County via sites located throughout the county. Services provided:

- Apply for a U.S. passport
- Apply for a Washington State marriage license
- Purchase copies of documents recorded with the King County Recorder's Office on or after August 1, 1991.
- Pay King County property taxes
- Purchase or renew a King County pet license
- Obtain information on other county services and programs such as: senior citizen property tax exemptions; assessment appeal forms; property assessment information; local fresh produce guides; bus, bike, or ferry information; King County job listings and applications.

Because King County Community Service Centers

offer services on behalf of several agencies, different guidelines or rules apply depending on the service. For additional information on any service, please check out the CSC website:<http://www.kingcounty.gov/depts/records-licensing/community-service-centers.aspx> and contact the site you intend to visit.

- Bothell
- Downtown Seattle - no passport services
- Issaquah - no passport services
- Kent
- Renton
- Shoreline - no passport services

METRO TRANSIT

Metro Transit Service

Metro currently operates two routes along the Renton-Maple Valley Road (SR-169), serving this portion of the CSA between Renton and Black Diamond.

Route 143: Provides peak period commuter service ▶

Metro Transit continued

between Black Diamond and downtown Seattle via Renton, Monday-Friday, about every 20 minutes.

Route 907: Provides off peak service between Black Diamond and the Renton Transit Center, Monday-Friday about every 60 minutes.

In March 2017, the weekday service frequency on Route 907 was improved from 90 to about every 60 minutes, as part of a restructure that shortened the route to begin/end in Black Diamond instead of Enumclaw.

Replacement service between Black Diamond and Enumclaw was provided by a new alternative transit service: The Black Diamond-Enumclaw Community Ride, which started operating in February 2017.

Maggie McGehee 206.263.7973 Maggie.McGehee@kingcounty.gov

Community Connections

The King County Council approved \$15 million for the Community Connections program in the 2017-2018 biennium budget. Community Connections is the new name (as of March, 2017) for what was originally known as the Alternative Services Demonstration Program. It is a four-year (2015-2018) demonstration program in which Metro works with local governments and community partners to develop innovative and cost-efficient transportation solutions in areas of King County that don't have the infrastructure, density, or land use to support regular, fixed-route bus service. The program aims to develop, test, and evaluate new transportation services that take advantage of innovative ideas, unique partnerships, or emerging technology.

As of December 2017, there are no currently active Community Connections projects in this CSA. However, community councils and groups supporting this CSA are eligible to submit a pilot project application during the 2018 process.

Cathy Snow 206.477.5760 | cathleen.snow@kingcounty.gov

METRO CONNECTS Long-Range Plan

King County Council adopted Metro's long-range plan, METRO CONNECTS, in January 2017. The Plan presents a shared vision for a future public transportation system that gets people where they want to go and helps our region thrive. It describes an integrated network of transportation options in 2025 and 2040, the facilities and technology needed to support those services, and the financial requirements for building the system. It was developed in close coordination with Sound Transit and other transportation agencies. More information is available online at kcmetrovision.org.

Graydon Newman 206.477.5862 | graydon.newman@kingcounty.gov

METRO CONNECTS Development Program

The METRO CONNECTS Development Program

(MCDP) is a midrange planning effort that outlines the timing and substance of Metro's efforts to achieve the METRO CONNECTS vision for service and infrastructure in 2025. Major elements of this program include creating a schedule that shows where, how much, and when Metro will invest in the service growth and capital improvements that METRO CONNECTS envisions; and establishing a regular forum to engage and coordinate with cities and stakeholders on the implementation of METRO CONNECTS through the Program's Technical Advisory Committee (TAC). The MCDP is planned to be a rolling program that will inform decision-making in 6-10-year increments over each successive biennium.

King County transmitted materials for approval to King County Council in October 2017, and anticipates approval in early 2018. Metro's planning work is ongoing to develop more detail on projects needed to develop the 2025 service network.

Graydon Newman 206.477.5862 | graydon.newman@kingcounty.gov

Metro Transit moving to a new level in King County government

In September 2017, King County Executive Dow Constantine announced his proposal to make Metro Transit its own department within King County government—no longer a division of the Department of Transportation as it is now. Why? Demand for public transportation is rising, and our region is counting on Metro to deliver more and better transit services. The agency will be in a stronger position to deliver on this expectation as a stand-alone department.

Metro will be making internal organizational changes and developing a new budget with the goal of becoming a department in early 2019. Metro riders will not be affected by the agency's transition to department status. Read the Executive's press release here.

Fleet Administration

On-going internal support services

Fleet Administration is an internal customer service agency that provides cost effective vehicle services, parts, materials and construction supplies. Our goal is to manage a safe responsive fleet of vehicles and equipment, employee access to materials and supplies, in order to respond to the needs of King County citizens.

Jennifer Lindwall 206.477.3883 | jennifer.lindwall@kingcounty.gov

Fleet provides King County personal property asset management services including mandatory annual inventory report, warehousing and dispersal of surplus items. Our goal is to maintain accurate procedures for the accountability of King County personal property inventory.

Russ Johnson 206.477.3889 | russ.johnson@kingcounty.gov

NATURAL RESOURCES & PARKS

PARKS

Future Funding for King County Parks

The King County Parks, Trails, and Open Space Replacement Levy provides the majority of funding for the King County Parks system. This six-year voter-approved levy, which passed with over 70% support, began in 2014 and will be expiring in 2019. Examining options for future funding will be a major work item for King County Parks staff in 2018.

<https://kingcountyparks.org/2017/03/18/steady-as-she-goes/>

Doug Hodson 206.477.5918 | doug.hodson@kingcounty.gov

Parks Customer Service and Outreach

King County Parks has launched a new online reservation system for camping, picnic shelters, and other park amenities throughout the County. Parks is piloting a new mobile and online tool called SeeClickFix for park and trail visitors to report issues and make suggestions.

Matthew Perkins 206.477.4527 | matthew.perkins@kingcounty.gov

Ravensdale Park

King County Parks is replacing the lighting fixtures at baseball field #1 and soccer field at Ravensdale Park. The lighting fixtures at these two fields are failing and in need of replacement. This is part of the energy efficiency program. Construction work is to start in December 2017 or January 2018. Parks is also planning some additional park improvements with the Ravensdale Park Foundation: Design, permitting, and installation of 1 – 2 picnic shelters at Ravensdale Park meadow. These projects should be complete by Late Summer / Fall 2018.

T.J. Davis 206.229.3965 | tj.davis@kingcounty.gov

Annie Mathews 206.477.4579 | annie.mathews@kingcounty.gov

Black Diamond/Henry's Ridge/Ravensdale Retreat Forest Stewardship

King County Parks and Water and Land Resources Division are working on design and permitting for forest stewardship activities planned for summer 2018. Parks will conduct public outreach for these projects. The projects are primarily forest thinnings to support forest health and the county's Million Trees project.

Kelly Heintz 206.477.6478 | kelly.heintz@kingcounty.gov

Taylor Mountain Forest Stewardship

King County Parks and Water and Land Resources Division are working on design and permitting for forest stewardship activities planned for summer 2018. Parks will conduct public outreach for these projects. The project is a forest thinning to support forest health and the county's Million Trees project

Kelly Heintz 206.477.6478 | kelly.heintz@kingcounty.gov

Green to Cedar Rivers Regional Trail

The design phase for north segment of the Green to Cedar Rivers Trail through the City Maple Valley is underway. The three mile long segment goes from the Cedar River Trail near the SR18 and SR 169 interchange and extends south to Kent-Kangley Rd. King County Parks estimates that the design and permitting phases will take place through Spring 2018, with construction anticipated to start in Fall 2018. Preliminary design for the south segment has begun with this first phase of design anticipated to be complete by December 2018. Once completed, the eleven-mile-long Green to Cedar Rivers Trail will be a key north-south connection for people to walk, ride bikes, run and ride horses. The trail corridor will extend from the Cedar River Trail south to Flaming Geyser State Park on the Green River and will pass by multiple parks, natural areas, and schools, civic institutions, and businesses. By paving and developing the trail corridor to regional trail standards, Parks will improve the existing soft-surface trail, making it more accessible and increasing safety and visibility for all trail visitors. The Green to Cedar Rivers Trail is an important extension of King County's 175-mile-long Regional Trails System, formalizing a connection in communities currently underserved by regional trails.

Jean White 206.477.4846 | jean.white@kingcounty.gov

COMPLETED PROJECTS

Ravensdale Park Play Area Rehabilitation

King County Parks conducts annual safety inspections and removes, replaces and/or modifies play areas as needed for safety and life cycle maintenance. New play equipment was installed in the Ravensdale Park play area in Spring 2016.

Lindsey Miller 206.477.3549 | lindsey.miller@kingcounty.gov

Acquisitions

King County Parks purchase the following parcels in 2016:

- Spring Lake/Lake Desire – (1.5 acres) helps buffer the park.
- Middle Issaquah Creek Natural Area -- 5.5 acres) further protects critical areas.
- Dorre Don Reach Natural Area – (1 acre) solves long term flooding problem with adjacent neighbor.

2017 CFT and Parks Levy funds were awarded to potential acquisitions at Dorre Don, Mouth of Taylor and Wetland 14 Natural Areas.

Kelly Heintz 206.477.6478 | kelly.heintz@kingcounty.gov

Black Diamond Open Space

UW forestry students completed draft forest stewardship plan for Black Diamond Area including Black

Natural Resources & Parks continued

Diamond Open Space, Ravensdale Retreat Natural Area and Henry's Ridge Open Space (approx. 1400 acres) in 2015. In early 2017, Parks staff completed a community engagement process and developed draft stewardship recommendations for the area.

Kelly Heintz 206.477.6478 • kelly.heintz@kingcounty.gov

Black Diamond Open Space Trails Development

Evergreen Mountain Bike Alliance (EMBA), a Community Partnerships and Grants Program partner with King County Parks, completed approximately six miles of looping trail system for hikers and mountain bikes in the Black Diamond Open Space.

Butch Lovelace 206.477.4577 | butch.lovelace@kingcounty.gov

Black Diamond Open Space Parking Lot

Completed development of a 22 stall parking lot on west side of SR-169. This lot increases capacity and provides access to the west side of Black Diamond Open Space. It is located across from the parking lot installed on the east side of SR-169 in 2014.

Aaron Hall 206.477.6157 | aaron.hall@kingcounty.gov

Volunteer Program Events

1,554 volunteers gave 2,685 hours at volunteer events – tasks included trail maintenance, new trail construction, planting native trees and shrubs and removing invasive plants. Sites included: Black Diamond Open Space, Wetland 14, Ravensdale, Taylor Mountain Forest, Cavanaugh Pond Natural Area, McGarvey Park, Belmondo Reach Natural Area and Fred Habenicht Rotary Park. South Seattle Sierra Club, Tahoma Backcountry Horsemen, Washington Trails Association, and classes from the Tahoma School District are very active groups in this area.

Laurie Clinton 206.477.6113 | laurie.clinton@kingcounty.gov

ON-GOING PROJECTS

On-going Maintenance and Easement Monitoring

Maintenance of Taylor Mountain, Ravensdale, Black Diamond, Cedar River Trail, Spring Lake, McGarvey, Danville Georgetown, Henry's Ridge and other park facilities within the service area as well as on-going conservation easement monitoring. On-going reforestation projects in Taylor Mountain and McGarvey parks will continue for the next few years. Other activities include community outreach with user groups within the service area. Knotweed control efforts continue along the Cedar River to comply with noxious weed regulations. Restoration work by Parks staff and volunteers has occurred at several natural areas along the Cedar River including Cavanaugh Pond and Belmondo Reach Natural Area.

Don Harig 206.477.6140 | don.harig@kingcounty.gov

Volunteer Program Events

Volunteers that participate in the King County Parks volunteer program provide more than 55,000 hours of service in our parks, trails and natural areas each year. From building and repairing backcountry trails to removing invasive plants and planting native plants to promoting recycling and composting at summer concerts these volunteers are a vital part of the maintenance and improvement of the system. These volunteers play an important role in stewarding our 28,000 acres of open space. Sign-up for the volunteer newsletter for a listing of scheduled events in the area at: Volunteer - King County Want to know what it's like to volunteer with us? Check out our new video: Volunteer with King County Parks on Vimeo If you, your group or business is interested in doing a volunteer project at your favorite King County Park site, we can work with you to plan a custom event. Please contact Volunteer Program Manager Laurie Clinton for custom events and any additional volunteer service opportunities in King County Parks.

Laurie Clinton 206.477.6113 | laurie.clinton@kingcounty.gov

Maplewood Pony Club at Danville-Georgetown Open Space

Maplewood Pony Club, a Community Partnerships and Grants Program partner with King County Parks, has a grant to continue working on the equestrian arena at the Danville-Georgetown Open Space. The project is advancing from concept -level design to schematic-level design. With the CAD drawings the group will engage staff and the public to get initial feedback on the project.

Scott Thomas 206.477.4586 | scott.thomas@kingcounty.gov

Youth and Amateur Sports Grant Program

King County Parks launched a new grant program in 2017. Youth and Amateur Sports Grants (YASG) support fit and healthy communities by investing in programs and capital projects that reduce barriers to access physical activity. King County Parks hosted information sessions in October and the application deadline was in November. Applications will be evaluated and awarded in January 2018. To learn more about the program visit the website at <http://www.kingcounty.gov/services/parks-recreation/parks/get-involved/partnerships-and-grants/yasg.aspx>

Butch Lovelace 206.477.4577 | butch.lovelace@kingcounty.gov

Trailhead Direct

King County Parks and King County Metro launched the pilot season of Trailhead Direct. Trailhead Direct wrapped up its inaugural season on Oct. 14-15. Operating since Aug. 5 from the Issaquah Transit Center and averaging about 40 riders per day, Trailhead Direct connected hikers to more than 5,000 acres of protected lands with 150 miles of hiking trails in the Issaquah Alps. Stops included: Margaret's Way trailhead at Cougar-Squak Corridor Park, the Poo Poo Point trailhead ▶

Natural Resources & Parks continued

on West Tiger Mountain, East Sunset Way Trailhead in Issaquah, Issaquah Highlands Park-and-Ride and Issaquah Transit Center. The service will continue in spring of 2018. To learn more visit: <https://kingcountyparks.org/2017/07/12/trailhead-direct-park-ride-hike/>
Ryan Dotson 206.477.4562 | ryan.dotson@kingcounty.gov

Family Movie Nights

Join King County Parks in summer 2018 for a special outdoor movie night in your Big Backyard. This is a free event so bring your low-backed chairs, blankets, snacks, and enjoy a relaxed evening in the park. The movie will be projected onto a 40-foot tall inflatable movie screen so invite your friends, teammates and family- we've got space! Dates and locations to be decided.

Elizabeth Jessup 206.263.0584 | elizabeth.jessup@kingcounty.gov

Solid Waste Division

(Includes Greater Maple Valley and Cedar River areas)

2017 Completed Projects

Landfill Neighbor Outreach

Held two community meetings and a landfill tour for neighbors of the Cedar Hills Regional Landfill

Polly Young 206.477.5266 | polly.young@kingcounty.gov

Landfill Operations

- Cedar Hills Regional Landfill South Solid Waste Area Excavation - Excavated approximately 730,000 cubic yards of buried garbage from a former unlined area of the landfill (South Solid Waste Area) and relocated the excavated material to other lined areas of the landfill.

Zahid Khan 206.477.5252 | mizan.rahman@kingcounty.gov

Time limited 2017 projects that are scheduled for work and completion in 2017 or 2018

Comprehensive Solid Waste Management Plan Update

The Solid Waste Division worked with its city partners to prepare a draft plan for public review and comment that broadly outlines how King County will manage garbage for the next 20 years. Topics covered in the plan range from waste prevention, recycling and solid waste collection, to transfer and disposal of waste and how these services will be financed. Three key topics addressed in the plan:

1. how will King County dispose of its garbage over the long term,
2. what type of recycling and solid waste transfer services should be provided in northeast King County, and
3. how will we increase recycling to reach a 70% recycling goal. The 60-day public comment on the draft plan ended on March 8, 2018. There will be additional opportunities for public input as the draft Plan undergoes a review and adoption process by

the King County Council and the cities starting in mid to late 2018. Check the King County Council website or your city's website for more information.
Website: <http://kingcounty.gov/depts/dnrp/solid-waste/about/planning/comp-plan.aspx>

Beth Humphreys 206.477.5264 | beth.humphreys@kingcounty.gov

Landfill Operations and Neighbor Outreach

- Landfill Gas Pipeline Upgrade – Install a redundant landfill gas conveyance pipeline from the landfill's North Flare Station to Bio Energy Washington's landfill gas-to-energy facility that generates clean, renewable natural gas from landfill gas.

Tien Pham 206.477.5232 | tien.pham@kingcounty.gov

- Area 7 Closure and Area 8 Development – Issued Notice to Proceed to Scarsella Bros in June 2017 for the closure of Cedar Hills Landfill Area 7 and development of new Area 8 within the existing footprint of the landfill. The new Area 8 is scheduled to be ready to receive waste in early 2019.

Margaret Bay 206.263.5841 | margaret.bay@kingcounty.gov

- Area 7 Stage 3 and Stage 4 Closure – Landfill areas are closed in stages. Staged closures of the area where garbage is currently being buried at the landfill, Area 7, will include installation of final cover on the west slope and temporary cover on the south slope. Stage 3 will occur in 2017 and Stage 4 in 2018.

Margaret Bay 206.263.5841 | mizan.rahman@kingcounty.gov

Transfer Stations

- Self-haul Recycling Separation Requirement - Beginning in January 2018, customers will be required to separate yard waste, clean wood, cardboard, and scrap metal from their garbage at facilities where those materials are accepted for recycling.

Dale Alekel 206.477.5267 | dale.alekel@kingcounty.gov

ON-GOING PROGRAMS

Waste Reduction and Recycling Outreach and Education
Includes programs and services such as:

- Recycle More/Recicla Mas – education and outreach to single-family residents on how to recycle more materials in curbside programs. Includes targeted outreach to Spanishspeaking community. Websites: <http://your.kingcounty.gov/solidwaste/garbage-recycling/recycle-more.asp> and <http://your.kingcounty.gov/solidwaste/recicla-mas/index.asp>
- K-12 Schools program – assembly programs, classroom workshops and assistance to student Green Teams. Website: <http://your.kingcounty.gov/solidwaste/second-aryschool/index.asp>
- Green Schools Program - assists private and public K-12 schools and school districts to initiate and improve waste reduction, recycling, conservation, ▶

Natural Resources & Parks continued

and pollution prevention practices and recognize high achievement. Website: <http://your.kingcounty.gov/solidwaste/greenschools/index.asp>

- Recycling Collection Events - King County funding provided to cities and unincorporated areas to offer events for residents and businesses to recycle select materials. Website: <http://your.kingcounty.gov/solidwaste/garbage-recycling/events.asp>
- Algona, Auburn, Black Diamond, Covington, Enumclaw, Maple Valley, and Pacific Recycling Collection Events allow neighboring unincorporated area residents
- Brownfields Program - provides assistance to qualified private individuals and businesses, nonprofit organizations, and municipalities within King County to assess and clean up contaminated sites, or Brownfields. Website: <http://your.kingcounty.gov/solidwaste/brownfields/index.asp>
- EcoConsumer – Offering free community repair events in Auburn, Federal Way and other communities. The EcoConsumer public outreach program also provides information and resources about waste reduction and other environmental concerns to the public and media through TV and radio segments, articles, presentations, social media and more. Website shortcut: www.KCecoconsumer.com

Tom Watson 206.477.4481 | tom.watson@kingcounty.gov

- Green Schools Program - assists more than 200 private and public K-12 schools in a dozen school districts to initiate and improve waste reduction, recycling, energy and water conservation, pollution prevention and other conservation practices. Recognizes schools and school districts that complete “Best Practice Guides.” Website: <http://your.kingcounty.gov/solidwaste/greenschools/index.asp>
- LinkUp – works with businesses, agencies and other organizations in the Puget Sound area to expand markets for selected recyclable and reusable materials. Website: <http://your.kingcounty.gov/solidwaste/linkup/index.asp>
- Customer Service - Information/education provided to customers/public on SWD services via web pages and phone support. Website: <http://your.kingcounty.gov/solidwaste/index.asp>

Solid Waste Division Customer Service 206.477.4466 | TTY Relay: 711

Transfer Station

- The Enumclaw Recycling and Transfer Station is a facility where residents and businesses bring their waste and recyclable materials for disposal. Website: <http://your.kingcounty.gov/solidwaste/facilities/enumclaw-transfer.asp?ID=339>

- The Algona Transfer Station is a facility where residents and businesses bring their waste for disposal. There are no recycling services available at the Algona facility. Website: <https://kingcounty.gov/depts/dnrp/solid-waste/facilities/transfer/algona-transfer.aspx>

Solid Waste Division Customer Service 206.477.4466 | TTY Relay: 711

Household hazardous waste collection

- Offers free collection of hazardous waste from households and qualifying businesses at two fixed collection sites and the travelling Wastemobile. These include:
 - Factoria Household Hazardous Waste Drop Off Service
 - Auburn Wastemobile at Outlet Collection
 - Covington Wastemobile Events
 - Enumclaw Wastemobile Events

Websites: HHW Facility location and hours: <http://your.kingcounty.gov/solidwaste/facilities/hazwaste.asp>

Wastemobile schedule: <http://www.lhwmp.org/home/HHW/wastemobile.asp>

Household Hazards Line: 206.296.4692

Litter and Illegal Dumping

Includes several programs:

- Community Litter Cleanup - Coordinate cleanup of illegal dumpsites and litter on public property.

**Morgan John 206.477.4624 | morgan.john@kingcounty.gov
Hotline: 206.296.SITE (7483)**

- Illegal Dumping Hotline – maintains hotline for citizens to report illegal dumping, directs those complaints to the appropriate agency for follow up

**Morgan John 206.477.4624 | morgan.john@kingcounty.gov
Hotline: 206.296.SITE (7483)**

- Junk Vehicles – provides information and facilitates process for removing abandoned vehicles from private property

**Mary Impson 206.296.4437 | mary.impson@kingcounty.gov
Website: <http://your.kingcounty.gov/solidwaste/cleanup/index.asp>**

Terri Barker 206.477.5214 | terri.baker@kingcounty.gov

Landfill Operations (active and closed landfills)

Closed and Custodial Landfill Maintenance and Monitoring - maintain and monitor groundwater, surface water, wastewater, and landfill gas at closed landfills, including:

- Enumclaw Closed Landfill

Website: <http://your.kingcounty.gov/solidwaste/facilities/closed-landfills.asp>

WATER & LAND RESOURCES DIVISION

Riverbend Levee Setback and Floodplain Restoration Project

The project will remove and setback 3 levees/revetment on the left bank of the Cedar river to restore floodplain connectivity, enhance floodwater conveyance and storage, and create better spawning and rearing habitat in the existing channel. Project began design in 2015 and construction is expected in 2019 or 2020.

Project webpage - <http://www.kingcounty.gov/services/environment/animals-and-plants/restoration-projects/riverbend-levee-setback.aspx>

Jon Hansen 206.477.4706 | jon.hansen@kingcounty.gov

Taylor Creek Mitigation Project

This project will restore wetland and stream habitat in the lower reaches of Taylor Creek a tributary to the lower Cedar River near Maple Valley. The project will provide mitigation credits for King County's In-Lieu Fee Mitigation Program. Project design, permitting and outreach will be completed in 2017 and 2018, with construction in 2019. Project webpage: <https://www.kingcounty.gov/services/environment/water-and-land/wetlands/mitigation-credit-program/mitigation-sites/project-taylor-cedar.aspx>

Dan Eastman 206.477.4684 | dan.eastman@kingcounty.gov

SR 169 Flood Risk Reduction Feasibility Study

During moderate flood events on the Cedar River, approximately a 10-year return period, overtopping of State Route (SR) 169 occurs just west of Cedar Grove Road, forcing closure of SR 169. This causes significant detours for residents in the valley and isolates residents in the immediate area. The King County River and Floodplain Management Section, with funding from the King County Flood Control District, is undertaking a feasibility study to determine the causes of the flooding and develop design alternatives for mitigating the problem. Potential solutions will be developed in partnership with the Washington Department of Transportation.

Tracy Winjum 206.263.0174 | twinjum@kingcounty.gov

Herzman Levee Setback and Trail Stabilization Project

The Herzman Levee, located along the Cedar River about four miles east of the I-405/SR 169 interchange, is prone to seepage and artificially confines the river, forcing it to flow directly toward a revetment that protects the Cedar River Trail and SR 169. The King County River and Floodplain Management Section, with funding from the King County Flood Control District, is initiating design for a project that will modify the levee, enhancing the overall level of flood protection for neighboring homes and critical infrastructure. The project will also address the repeated damage these facilities have experienced as a result of erosion during past flood events, leading to greater resiliency and fewer costly repairs. Completion of preliminary design is anticipated in fall 2018. Construction is ex-

pected to occur in summer 2020.

Dan Heckendorf 206.477.8459 | dan.heckendorf@kingcounty.gov

Maplewood

The King County River and Floodplain Management Section, with funding from the King County Flood Control District, is conducting a feasibility study to evaluate potential landslide, flood, and erosion risk in the Maplewood neighborhood. Several homes within the Maplewood neighborhood are at risk from river flooding and bank erosion and could be surrounded by water and isolated during a 100-year flood event. The extent of flood hazards could be affected by potential landslides from the steep slopes along the opposite river bank. Initial hazard analysis will be complete in fall 2018.

ON-GOING PROJECTS

Land Conservation Initiative

The King County Land Conservation Initiative is a bold effort underway to “finish the job” on land conservation in King County. Across the County, King County and city partners have identified 62,000 acres of the highest priority conservation lands in five separate categories: (1) urban parks/greenspace, (2) regional trails, (3) river & natural lands, (4) farmlands, and (5) forestlands. The Initiative is a regional effort to permanently protect conservation land to provide benefits to today’s residents and generations to come. The effort is county-wide – from the edge of the Puget Sound, east through urban areas and rural communities, to the farm fields and river valleys at the foot of the Cascade Mountains. In the Snoqualmie Watershed, the County and city partners have identified more than 25,000 acres of high conservation value land. Learn more at <http://kingcounty.gov/services/environment/water-and-land/land-conservation.aspx>.

Customer Green Building Education

Quarterly outreach public meetings for residents of unincorporated KC on various green building techniques which can be incorporated into their new building and redevelopment plans, per commitment in 2015 SCAP. Throughout 2018

Lisa Verner 206.477.0304 | lisa.verner@kingcounty.gov

Construction and Demolition Waste Diversion Ordinance

Transmit an ordinance requiring construction and demolition waste diversion for unincorporated King County. Includes research and development of an ordinance requiring contractors and DIY builders to re-use, recycle and otherwise divert from the landfill the waste materials generated by their building projects in unincorporated KC. A draft ordinance has been reviewed by DPER and by Green Tools (Kinley Deller); details regarding how to best achieve compliance are under review. Transmittal to Council is anticipated at the end of the 2nd Quarter 2018.

Lisa Verner 206.477.0304 | lisa.verner@kingcounty.gov

PLANNING PROJECTS (COMPLETED)

2016 King County Comprehensive Plan Update

The 2016 update was the fifth major review of the King County Comprehensive Plan. During this four-year review cycle, substantive changes to policies, land use designations and the Urban Growth Area boundary were proposed. Adopted by King County Council in December 2016.

PERMITTING PROJECTS (COMPLETED)

Landslide Hazard Mapping

Completed work on updating landslide hazard mapping for all of unincorporated King County outside of the Forest Production District. 3rd Quarter 2016.

ACCELA Access

Improved functionality of the department's permit tracking software, Accela Automation. Priorities include improving citizen access, reporting, and ultimately online permitting. Phase I completed December 2016.

PLANNING PROJECTS (ONGOING)

Marijuana Legislation

Efforts continue to refine, administer and implement King County's recently amended marijuana regulations.
Jake Tracy 206.263.0875 | jtracy@kingcounty.gov

PERMITTING PROJECTS (ONGOING)

Online Permitting

Launched online submittal and issuance of residential mechanical permits Feb. 2016 with credit card payment via Accela. (Update: 80% of all mechanical permits filed with DPER were received electronically within the first 4 months after the launch.)

John Backman 206.477.0447 | john.backman@kingcounty.gov

MyBuildingPermit.Com (MBP)

King County will join MBP in 2017 enabling additional online permit submittals and credit card payments. This MBP launch will contain 3 permit types - mechanical, registered, and basic plans. Other permit types will be phased in over time.

John Backman 206.477.0447 | john.backman@kingcounty.gov

PROSECUTING ATTORNEY

Office Overview

- The King County Prosecuting Attorney's Office employs over 500 people, including 210 attorneys.
- The Criminal Division represents the state and the county in criminal matters in the King County District and Superior Courts, the state and federal courts of appeal, and the Washington and U.S. Supreme Courts. The Criminal Division is responsible for prosecuting all felonies in King County and all misdemeanors in unincorporated areas of King County.
- The Civil Division is the County's law firm. It serves as legal counsel to the Metropolitan King County Council, the County Executive and all Executive agencies, the Superior and District Courts, the County Assessor, independent boards and commissions, and some school districts. The division litigates cases on behalf and in defense of its clients, provides legal advice and assistance on all sorts of questions and projects, and issues formal written legal opinions from time to time. ▶

Prosecuting Attorney continued

- The Family Support Division is an integral part of the federal and state child support system. The deputies establish paternity for children born out of wedlock, ensure support obligations are enforced, and modify support amounts when necessary.

Emerging Programs and Policy Overview

- 180 Diversion Program –diverts over 350 King County youth per year since 2011. In collaboration with community leaders, the PAO host motivational workshops for youth arrested for committing a misdemeanor violation. The purpose of the workshop is to help the youth identify their strengths, weaknesses, and provide tools to assist in making better decisions.
- Truancy Dropout Prevention Program—over 1200 petitions against truant youth are filed in juvenile court. In an attempt to reengage the youth and their family, the KCPAO hosts reengagement workshops to help identify what is preventing school attendance and with the help of the youth, their parent or guardian, and the school representative, an individualized education reengagement plan is developed.
- LEAD (Law Enforcement Assisted Diversion)—is a law enforcement diversion program that allows police officers to divert those engaged in a minor criminal act into services intended to address a drug addiction, mental health concern, homelessness, or some other root cause that informed their decision to engage in criminal conduct.
- Decriminalized DWLS 3 Cases—in August of 2014, the KCPAO modified its policy on the prosecution of DWLS 3 cases and the Office no longer pursues DWLS 3 cases. In addition, upon the decision to decriminalize these cases by making them a traffic infraction, we recalled all outstanding warrants related to a DWLS 3 matter.
- FIRS (Family Intervention Reconciliation Services) are a youth diversion program that will divert youth who have been arrested due to a domestic violence interaction with a parent or sibling. In looking at juvenile data, DV cases make up 17% of the juvenile unit caseload and of that 17%, 30% involve youth of color. Instead of prosecuting these cases, FIRS is a crisis intervention strategy. The PAO is in the process of modifying policy and practice to divert these cases to a crisis intervention program that will address the needs of the youth and their family.
- CJP (Community Justice Project) is a civil remedy project in which the PAO uses its municipal authority in under-served marginalized communities in unincorporated King County (White Center and Skyway) to address blighted properties that have become crime magnets. In partnership with the Department of Permitting and Environmental Services, the King County Sheriff's Office, and other King County agencies, the

goal of the PAO is to prioritize safety issues identified by the community to increase public safety in underserved communities using civil remedies as an enforcement tool instead of the traditional criminal prosecution.

Community Engagement

The PAO routinely participates in public speaking events in which a discussion about criminal justice reform and the impact on communities with a focus on those communities most impacted by crime. The community engagement strategy includes presentations to the community discussing the emerging trends impacting the criminal justice system and PAO criminal justice reform strategies. Emerging trends that the PAO covers in community presentations include:

- Exclusionary School Discipline Practices
- Recidivism
- Racial and Ethnic Disproportionality
- Mental Health Reform
- Sentence Reform
- Drug Reform
- Prison Reform
- More Education/Vocational Opportunities
- More Mental Health Services
- Creation of a Sustainable Reentry System
- Remove unnecessary barriers to reentry

KING COUNTY SHERIFF'S OFFICE

The King County Sheriff's Office consists of over 1,100 commissioned and professional staff employees who provide services to unincorporated King County and our contract partners. These services include 9-1-1 dispatch, community patrol and emergency response, criminal investigations, traffic safety, transit police, search & rescue, sheriff's civil function, concealed weapons licensing, fingerprinting, records, etc.

The Sheriff is the chief executive officer and conservator of the peace of the county. The mission of the King County Sheriff's Office is to be a trusted partner in fighting crime and improving the quality of life for our residents and guests. We strive to achieve our mission by our work on the following goals: a) Develop and sustain public trust, value and support. b) Reduce crime and improve the community's sense of security. c) Improve traffic safety by reducing impaired and unsafe driving behaviors and traffic collisions. d) Recruit, hire, train and promote the best people, reflective of the community we serve, to provide high quality, professional and responsive service. e) Provide facilities, equipment and technology that support achievement of our mission. f) Prepare to respond to and resolve critical incidents and disasters.

Most of the services you receive are deployed out of one of the Sheriff's Office Precincts. Precinct supervisors work closely with their deputies and detectives to identify crime trends, hot-spot locations and the repeat offenders that are most damaging to your community. They then develop investigative plans to investigate and prosecute those offenders in a coordinated manner with other agencies and the prosecuting attorney's office. Similarly, areas with high numbers of traffic collisions are focused on, along with impaired and unsafe driving behaviors, to reduce the harm that results from collisions.

Deputies are assigned to fairly consistent areas. This allows them to become familiar with residents, businesses, schools, and the overall community in their assigned patrol areas. They are expected to build relationships and learn the particular problems in an

area or neighborhood, to include their focus on crime trends, traffic safety and quality of life issues. Bottom line, we want people to be and feel safe while at home, work, school and while traveling!

Our Precincts are referred to as Precincts #2, #3, & #4...or North, Southeast, and Southwest, respectively. Precinct #2 is in Sammamish City Hall, Precinct #3 is in the Hicks Raburn Precinct located in Maple Valley, and Precinct #4 is in downtown Burien.

On behalf of the men and women of the King County Sheriff's Office, thank you for the honor of serving you.

Mitzi Johanknecht, King County Sheriff

The Local Service Initiative proposes a new Department that:

- Creates cabinet-level representation
- Responds to local needs
- Improves service delivery

Creation
The proposed Department of Local Services is a comprehensive effort to improve the delivery of efficient, effective, and timely municipal services to the nearly 250,000 residents of unincorporated King County. In consultation and partnership with the Council, whose members directly represent residents in the unincorporated areas, we are creating a best-run *local* government to accompany the Executive's best-run *regional* government.

Collaboration
We are aligning Executive-branch agencies by collaborating, sharing resources, and creating service partnerships that reinforce mutual accountability. This coordinated approach will improve local service in King County and benefits the County as a whole.

Customer-Driven
We work every day to improve the lives of the people we serve. That means consistently monitoring and evaluating our performance to ensure we deliver value to our customers. By focusing on our customers' experience, and integrating continuous improvement methods into our work, our employees will remove roadblocks and achieve results that make a difference.

Connection
Unincorporated area residents deserve one, dedicated Executive-branch partner who listens, collaborates and works to advance their interests. We are working to ensure there is always a place at the table for more voices to help inform how we deliver critical services. We are committed to problem-solving and taking concrete actions to keep our communities connected and running strong. The Department of Local Services will be the conduit that drives enhanced communication between Executive-branch agencies and unincorporated area community members.
