---

**Sign up for Water Education Field Trips for Fall**

King County WTD offers STEM-focused wastewater and stormwater programs to schools in King and Snohomish Counties. These programs are offered to 4th-12th graders and include hands-on modeling, outdoor field experiences, and extension activities. Opportunities for in-classroom programs are also available for High Schools. Sign up today for programs! *some geographic limitations apply*

**Become a Lake Weed Watcher**

The Lake Weed Watcher Program trains volunteers to survey for aquatic weeds in small lakes in King County. Volunteers are trained to identify both native and non-native aquatic plants. Training is Tuesday, June 21st from 6:00pm-8:00pm and located at Beaver Lake Lodge in Sammamish.

**Join a Nature Walk at Lake Geneva Park**

Join King County Parks for our monthly nature walk series at Lake Geneva Park! Take a break from your busy day, grab your family and friends, and enjoy the plants, trees, and critters in this lovely park; you'll learn about everything from plants and trees to local history while getting in your daily dose of exercise! Each month has a different theme. Join us for one or all four - register early

**Use Water Education Resources**

King County Water and Land Division provides K-12 educators with an extensive resource guide for STEM lessons, programs and resources about clean water, teacher training and grants!

- Elementary Stormwater Runoff Education Resource Guide
- Secondary Stormwater Runoff Education Resource Guide

King County WTD provides resources that are Entertaining, Interactive and Educational! Create a map with local watersheds; play a video game where you battle wipes in underground pipes; and take a virtual tour of a water treatment plant! Check out all our education resources.

**Become a Green School**

The Green Schools Program involves K-12 students and staff in education and action for sustainability. Student teams, schools, and districts receive hands-on help, tools, and recognition in becoming a Green School. Public and private K - 12 schools and school districts in King County, outside the City of Seattle, are eligible to participate.

**Volunteer at a Local Park**

Together with our partners, we lead an average of 10,000 volunteers a year performing restoration, park improvement and building and maintaining trails. We weave environmental education into every event, to make for a rewarding and productive day in the park. Join Us!
