Financial Plan Notes:

1 Actuals are based on the 14th Month ARMS Reports.

2 2011 Estimated column reflects adjustments included in the adopted 2011Q1 supplemental ordinance, as described below.

3 Levy Proceeds and Delinquent Levy Collections forecast by Office of Economic and Financial Analysis (OEFA).

4 Net Investment Income is estimated as 0.96% in 2010 and forecast it to be 0.60% in 2011.

5 Business Revenues assume 5% annual growth as recommended by the Parks Futures Task Force. These categories are tracked by the Parks and Recreation Division.

6 Expansion Levy Administrative Fee receipts are aligned with OEFA revenue projections in the Open Space Trails and Zoo Levy Fund/Expansion Levy (Fund 1452).

7 Continuing General Fund support for the Unincorporated Growth Area (UGA) parks will not be needed after the adopted policy change that allows the use of all business revenues to support all parks.

8 Capital Improvement Project (CIP) Revenues include transfers from Parks CIP Funds 3160, 3490 and 3581 to support Capital and Land Management/Business Planning. Note: a portion of CIP/Land Management/Business Planning Expenditure is associated with the UGA.

9 Partial funding from Roads Services Division for maintenance of the SW 98th Street Corridor

10 Partial funding of the Community Partnerships and Grants (CPG) program. Additional funds are in Parks CIP.

11 Estimated Underexpenditures equal 2% of Total Expenditures.

12 Target Fund Balance reflects the level needed to ensure achieving a fund balance of 1/12th of Total Expenditures at the end of the levy in 2013.

13 The adopted 2011Q1 supplemental ordinance appropriated additional expenditure authority (\$53k) because 132nd Square Park (associated with the Juanita/Finn Hill/Kirkland annexation) will not transfer until 2012 and it adjusts central rates as follows: insurance rate (-\$33,988) and General Government Overhead (\$7,109).
