

MEETING AGENDA

Long Term Disposal Subgroup Meeting #2

Location: Virtual

Date: May 20, 2024

Time: 9-12 p.m.

Purpose/Role of Subgroup: Dive deep into the information and discuss questions from cities. Discuss recommending some decisions to MSWAC. Members should be fully engaged in the discussion and offer insights and opinions to inform decision-making.

Meeting Objectives:

- Understand how gasification, pyrolysis, and refuse-derived fuel compare against the evaluation criteria
- Discuss whether any long term disposal options should be removed from further consideration (will still be in the report)
- Establish recommendations to be taken back to MSWAC

Pre-Work

- Look over Comparative Analysis Tables provided in extranet site and Environmental Criteria memo

AGENDA DETAILS

I. WELCOME (10 MIN | JOHN)

- Welcome and Introductions
- Review agenda, purpose/role of subgroup, and meeting objectives

II. MEETING #1 RECAP (10 MIN | PATTY)

- Tonnage scenarios
- Criteria

III. COMPARATIVE ANALYSIS (40 MIN | TETRA TECH TEAM)

- Options: Gasification, Pyrolysis, and Refuse-Derived Fuel
- Criteria: Economic, Environmental, Operating History, Logistics, Capacity, and Social

IV. BREAK (10 MIN)

V. MORE COMPARATIVE ANALYSIS (60 MIN | TETRA TECH TEAM)

VI. BREAK (10 MIN)

VII. DISCUSS REMOVING OPTIONS (30 MIN | JOHN)

- Discussion: Should the options discussed be removed from consideration?

VIII. CONCLUSION (10 MIN | PATTY)

- Recap of discussion
- Discuss Next Steps

Next Meeting: June 17, 2024 1-4pm.
