Phone

Square footage of project area _____ sq ft

Directions:

- Owner or agent to complete this form
- Use the "Management Method" column to denote if the material was disposed OR diverted for reuse, recycling, or a beneficial use.
- Use the "Hauler" column to identify who hauled material to the receiving facility.
- Use the "Receiving Facility" column to select the location where materials were hauled to.
- In the Unit of Measure column, identify the material amount in tons, pounds, cubic yards, or number of items (for salvage)

Material Type	Management Method	Quantity	Unit of Measure	Hauler <i>(Or identify "self")</i>	Receiving Facility
