## Errata to the Final Environmental Impact Statement for the Brightwater Regional Wastewater Treatment System, November 2003

### Errata

#### Chapter 3, Description and Comparison of Alternatives

Because of a printer's error, Figure 3-9, "Outfall Zone 7S and Preferred Outfall Alignment for Route 9 Systems," and Figure 3-21, "Outfall Zone 6 and Preferred Outfall Alignment for Unocal System," included in the Final EIS were from a previous draft of the document and are incorrect. The figures intended to be used and depicted are attached to this errata as Figures 3-9 and 3-21. The correct figures each depict only one outfall alignment for each alternative.

#### Chapter 4, Earth

In the "List of Figures," at the end of the chapter, the title of Figure 4-3 should be corrected to read as follows:

"Figure 4-3 Topography and Mapped Hazards in the Conveyance Corridors."

#### Chapter 11, Land and Shoreline

The following references on page 11-90 should be corrected as follows:

Change name from: "Clifton, S. 2003. Personal communication in meeting with Ikuno Masterson. June 18, 2003." to "Bullock, S. 2003. Stephen Bullock, Senior Planner, City of Edmonds. Personal communication with Ikuno Masterson. June 18, 2003."

Current through Ordinance 3452§4 2003. Retrieved from <http://www.mrsc.org/codes.aspx>"

Chapter 14, Recreation

The following reference on page 14-47 should be corrected as follows:

Current through Ordinance 3452§4 2003. Retrieved from <http://www.mrsc.org/codes.aspx>

Chapter 15, Cultural Resources

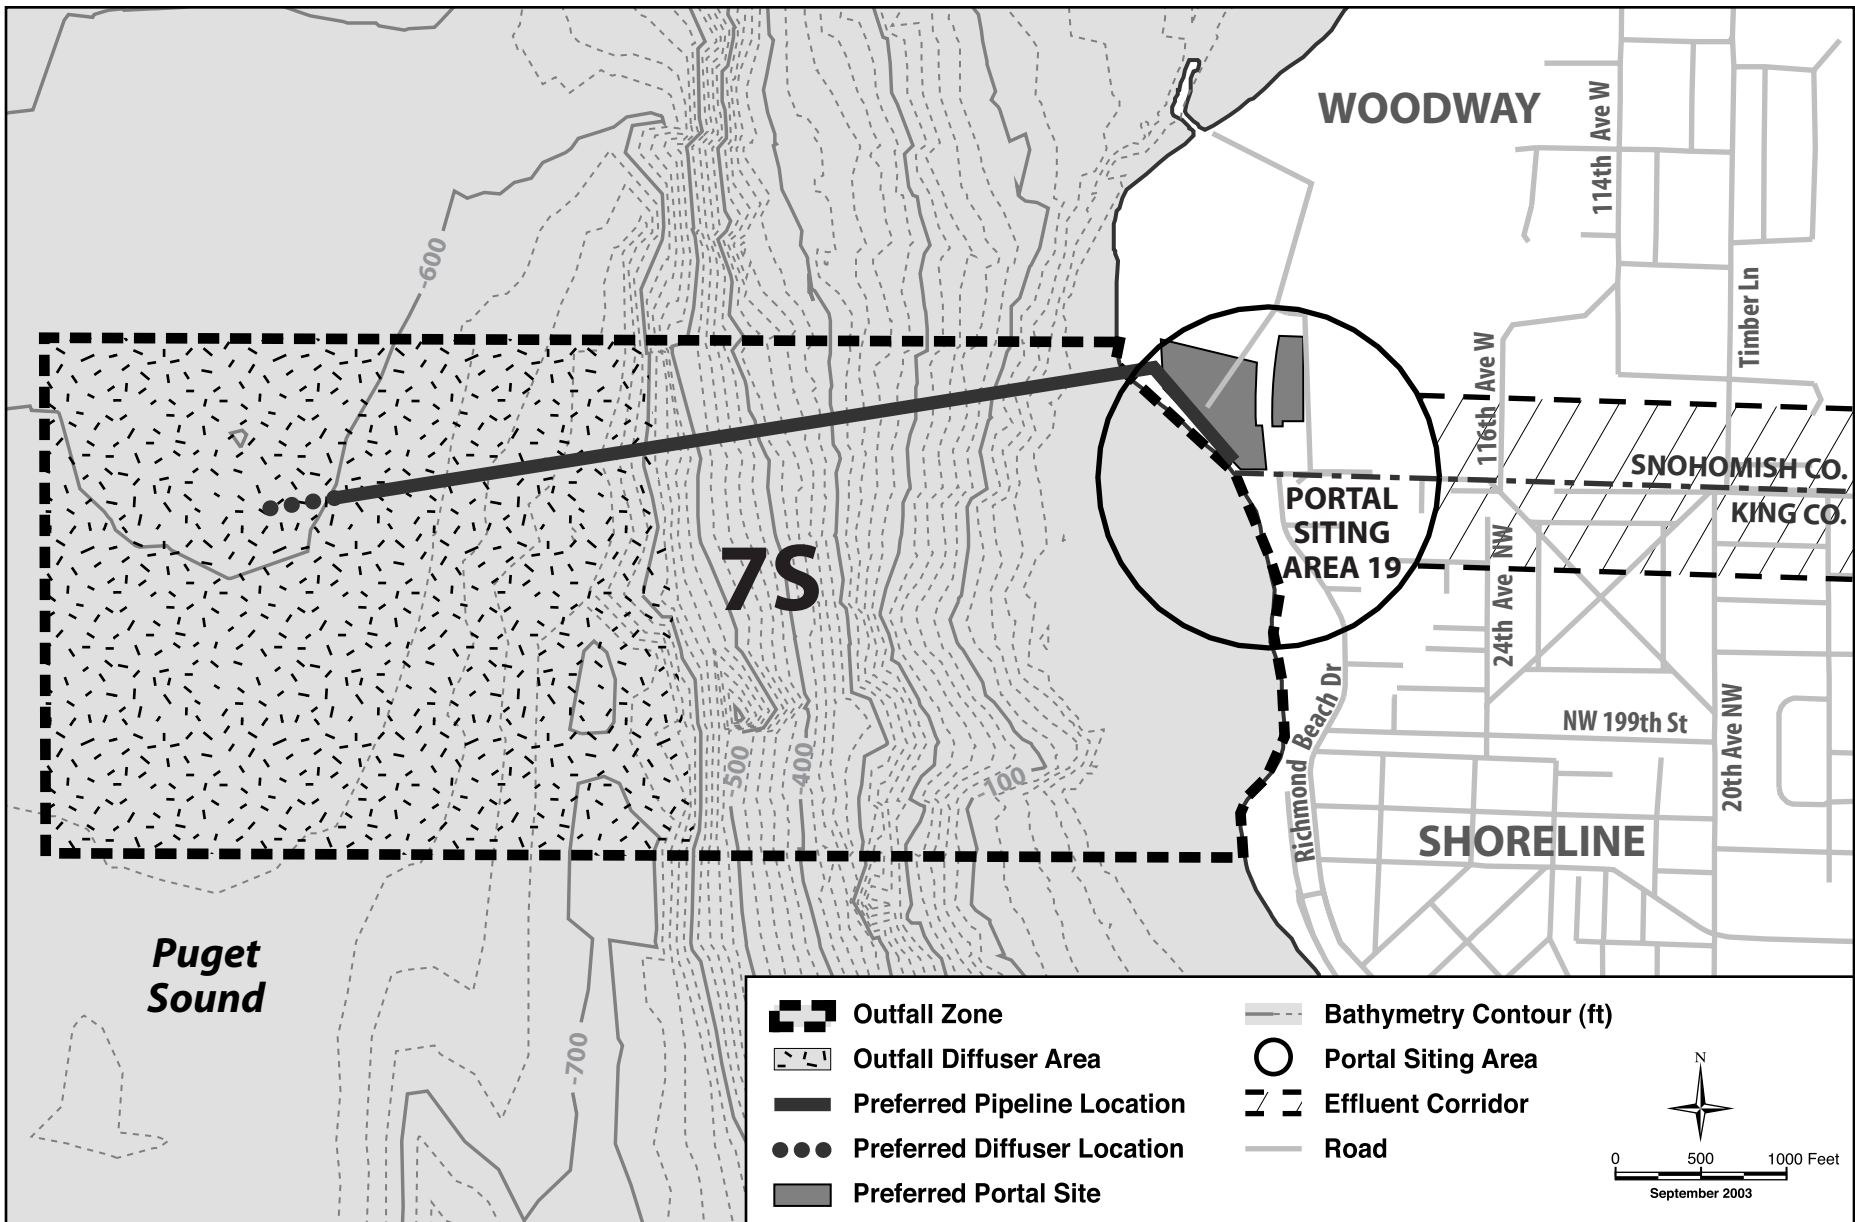

Table 15-2 is missing the following footnote:

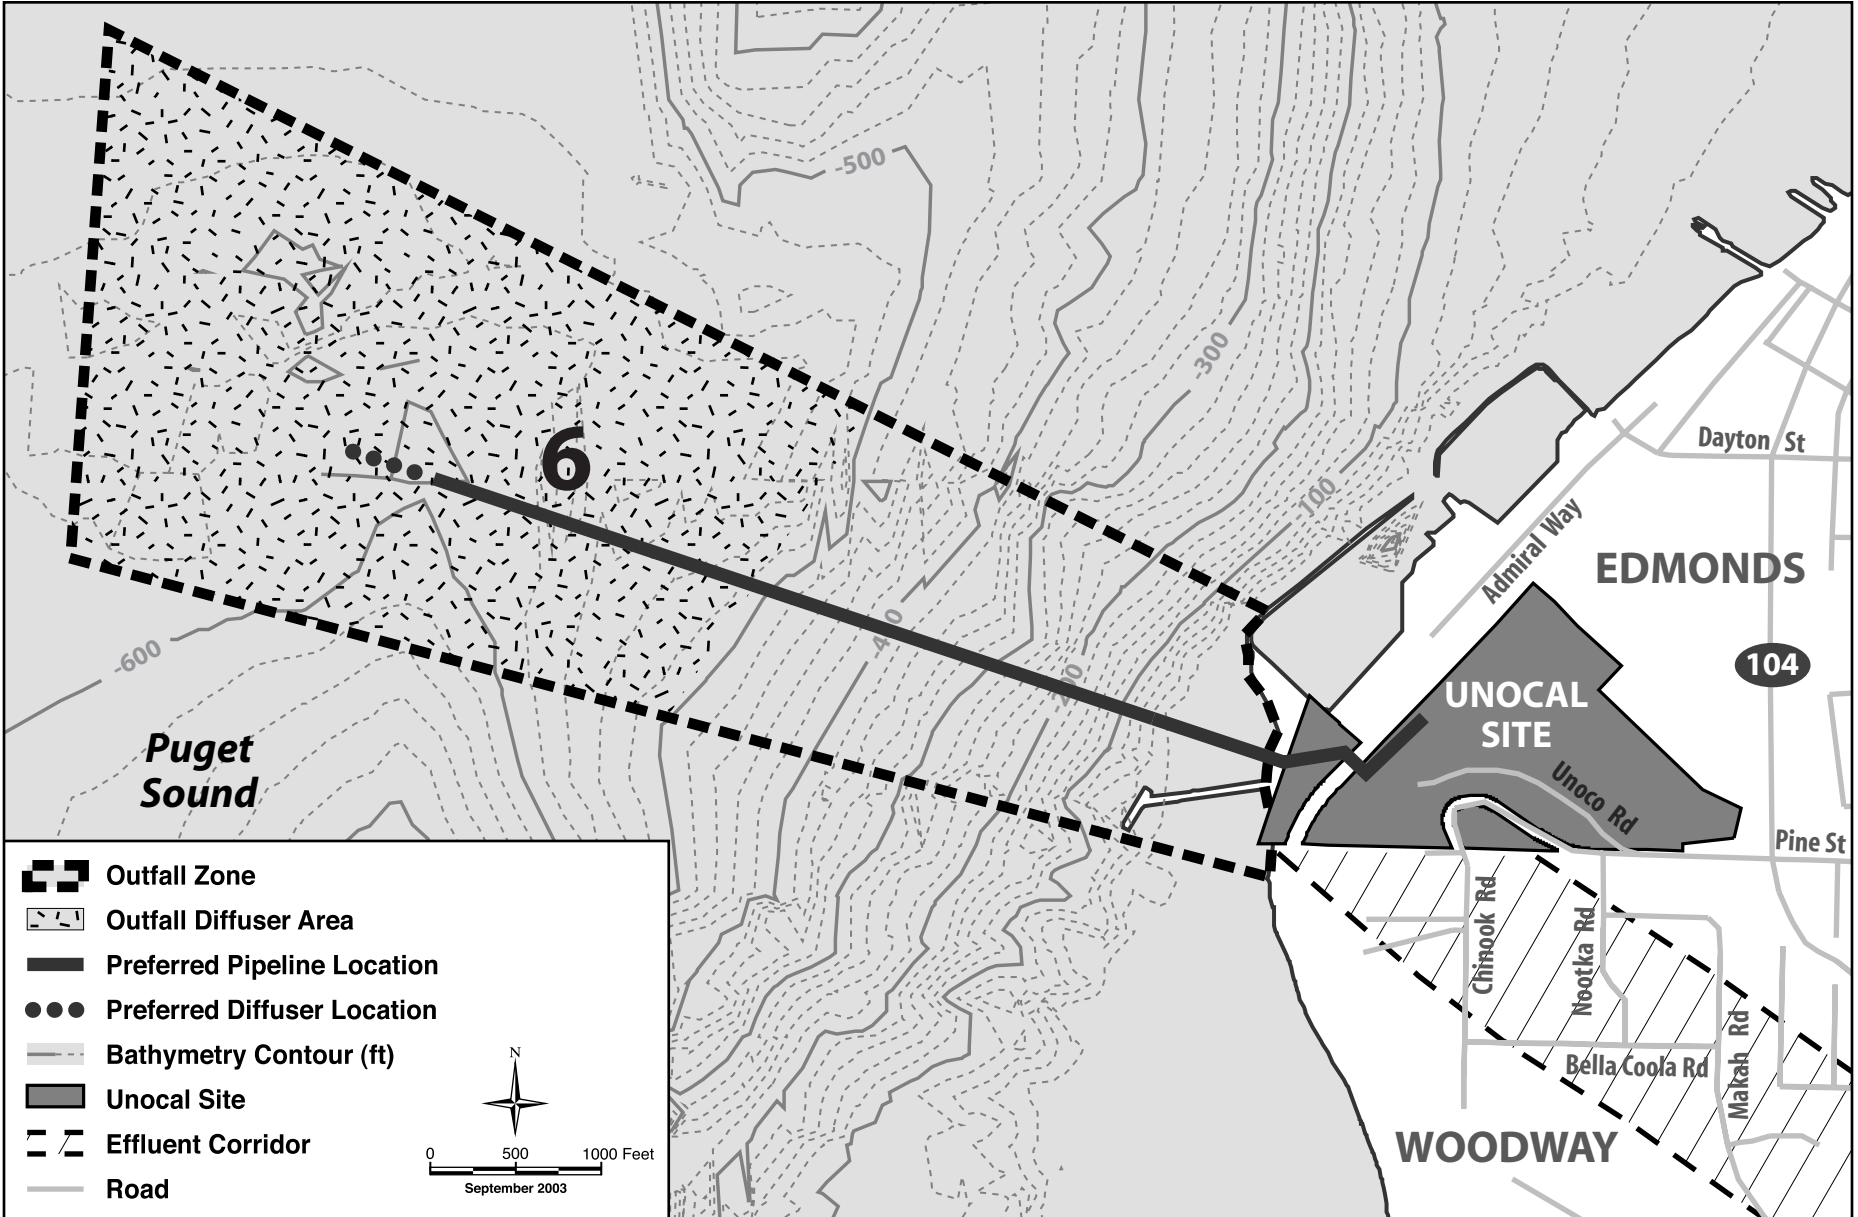

“Buildings older than 50 years, inventoried buildings and evaluated buildings within primary and secondary portals.”

Chapter 16, Transportation

Page 16-31 has a typographical error in Section 16.2.3.1 Treatment Plant: Unocal Traffic Volumes where “2 percent” should be replaced by “12 percent”. The corrected sentence should read as follows:

“Afternoon peak-hour traffic generally comprises approximately 12 percent of the AWDT.”
