Name of Proposal: Stuck River Drive Revetment Repair

Agency Contact: Tom Bloxton

Description of Proposal:

The Stuck River Drive Revetment Repair Project will repair up to 300 feet of damaged revetment on the left (south) bank of the White River, near River Mile 7.9. The damaged area will be repaired with a tracked excavator operating from the top of the revetment to place large riprap at the toe of the revetment below the ordinary high-water mark (OWHM) within the pre-damaged revetment footprint. Up to three rows of 4-5 man riprap will be placed below the OWHM and will be backed with light loose riprap. The total volume of material to be placed as part of the project is approximately 500 cubic yards. The repair has been designed to keep within the pre-damage footprint of the existing levee with no waterward expansion or increase in its height or length.

Location of Proposal:

The proposed project is located in the city of Auburn, east of the intersection of R Street SE and Stuck River Drive. The project is on the left (south) bank of the White River, at River Mile 7.9, within the SW ¼, Section 29, Township 21N, Range 5E.

Responsible Official: Josh Baldi

Position/Title: Division Director, Water and Land Resources Division

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An Environmental Impact Statement (EIS) is not required under Revised Code of Washington (RCW) 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. THIS INFORMATION IS AVAILABLE TO THE PUBLIC ON REQUEST (for a nominal photocopying fee) or by visiting <https://www.kingcounty.gov/depts/dnrp/wlr/sections-programs/river-floodplain-section/capital-projects/sepa.aspx>

This determination is based on the following findings and conclusions:

No effects of this proposal rise to the level of Environmentally Significant and all impacts will be mitigated.

THIS DETERMINATION OF NON-SIGNIFICANCE (DNS) is issued under Washington Administrative Code (WAC) 197-11-340(2); the lead agency will not act on this proposal until after **June 19, 2020**. Comments must be submitted or postmarked by that date.
