**Determination of Non-Significance**

*Name of Proposal:* Dockton Bulkhead Removal

*Description of Proposal:*

The Dockton Bulkhead Removal project will remove 225 feet of bulkhead from the Puget Sound shoreline in Dockton Park on Maury Island. All concrete, non-native fill material will be removed from the site. Material suitable for beach nourishment will be left on-site and graded to match existing beach conditions to promote beach-forming processes and improve beach spawning fish habitat.

*Location of Proposal:*

The proposed project is located on the shoreline of Quartermaster Harbor on Maury Island, just southeast of the town of Dockton within Dockton Park. The address is 9500 SW Dock Street, Vashon, Washington 98070. The bulkhead to be removed is northeast of the existing pier in the park and is part of a larger concrete bulkhead structure that extends southwest to the Dockton Park parking lot and boat launch. The project site is in the NW quarter of Section 29, Township 22N, Range 02E.

*Responsible Official:*

Josh Baldi

*Position/Title:*

Division Director, Water and Land Resources Division

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An Environmental Impact Statement (EIS) is not required under Revised Code of Washington (RCW) 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. THIS INFORMATION IS AVAILABLE TO THE PUBLIC ON REQUEST (for a nominal photocopying fee).

THIS DETERMINATION OF NON-SIGNIFICANCE (DNS) is issued under Washington Administrative Code (WAC) 197-11-340(2); the lead agency will not act on this proposal until after **February 27, 2020**. Comments must be submitted or postmarked by that date.
