

**Attachment 1: Summary Table of DNRP'S CFT & PL Proposals for 2017 Funding**

Reviewers, please note:

- Projects are ordered by WRIA, listed alphabetically within each WRIA in the order listed below.
- Proposed "Parks Levy – Regional Open Space Acquisition funds" are referred to as "Parks Levy" in this document.
- Most projects seek both Parks Levy & CFT funds.
- If applicant has submitted a CFT application, please refer that application for project evaluation. (This packet captures best available information from applicants, but the actual information in the CFT applications may differ slightly.)
- **Three projects seek only Parks Levy funds (no CFT funds): Rattlesnake Partnership (page 6-10), Snoqualmie at Fall City/Raging (page 11-12), and Burton Pit (page 29).** These projects have not submitted a separate CFT application. For each of these three projects, you have a copy of the proposal & maps that is filed geographically with the other applications in your binder. The text of the three proposals is still provided in this packet as well.
