1122034 Covington -WLCF South Covington Park

This new project consists of three parcels totaling 5.65 acres on SE Wax Road, in the Jenkins Creek corridor. There is a dual goal for the project. The first is to create a trail connection between the planned Covington Town Center, which is located nearby to the northeast, and a city-wide trail system that connects with other Covington parks and open spaces. The second goal is habitat protection along Jenkins Creek, which runs parallel to the future trail. The project site is critically located at a planned trail crossing on SE Wax Road.
