ATTACHMENT E

1994/95 CONSERVATION FUTURES KING COUNTY, CITY OF SEATTLE AND CITY OF RENTON ALLOCATIONS

<u>Jurisdiction</u>	<u>Project</u>	<u>Allocation</u>
Seattle	Park Additions	\$439,000
Renton	Black River Forest	\$450,000

Conditions

City of Seattle - Park Additions: The goal of this project is to acquire properties adjacent to existing Seattle parks to consolidate ownership. Woodland properties are identified adjacent to Dearborn Park Elementary School, which has an ideal setting for its impressive outdoor education program. Property adjacent to Lawton Park that will provide needed access from the southern end of the park is identified, as is an additional to Colman Park, which has strong citizen support and is part of the City's Olmstead legacy.

City of Renton - Black River Forest: This 8.3 acre property is the final important inholding in the Black River Forest project, originally a joint King County/City of Renton 1989 Open Space Bond project. The property is located immediately adjacent to a major Great Blue Heron nesting area and has an approved plan for an office building/parking lot complex that would cover the site.
