

## A-14 Interior Washing Operations

**Best Management Practices (BMPs) are required by King County Code 9.12. If the BMPs included here are not enough to prevent contamination of stormwater, you will be required to take additional measures.**

### **Required BMPs:**

- Dispose of wash and rinse water (including floor mop water) to the sanitary sewer or septic system. Wash water may not be discharged outdoors or into the storm drainage system.
- Do not dispose of wash or rinse water containing floor stripping or disinfectant chemicals into the septic system as they can seriously inhibit wastewater treatment and cause the system to fail.
- Do not dispose of sludge outdoors or into the storm drainage system.

### **Additional Information:**

- Disposal Information sheet

Contact the local sewer authority and the King County Wastewater Treatment Division Industrial Waste Section at 206-477-5371 for more information on disposal to the sanitary sewer system.

**For more information or assistance contact the King County Stormwater Services at 206-477-4811 and visit [kingcounty.gov/stormwater](http://kingcounty.gov/stormwater).**
