Normandy Park Recreation Center
801 SW 174th Street, Normandy Park

Tuesday, November 4

6:30 – 7:30 p.m.

Burien Community Center
14700 6th Avenue SW, Burien

See reverse for details.

MILLER-WALKER BASIN

Stormwater Retrofit

Earlier this year, the Miller-Walker Basin Partners began a stormwater retrofit analysis to identify, evaluate and select stormwater projects to help clean up our local waterways and reduce flooding and erosion.

After months of analysis, the project team has selected the top six stormwater retrofit sites for preliminary design.

At the upcoming meetings you can:

- See what six stormwater retrofit sites were selected and why
- Learn about and provide input on the conceptual designs
