

Cast an independent ballot in the August election

Accessible Voting Centers

King County has options for voters who need assistance with their ballot. Accessible voting centers are available for voters who cannot cast a private, independent ballot by mail.

Each center is operated by trained staff and has equipment designed to make voting accessible. The touch screen accessible voting units feature lap paddles and sip-and-puff devices. Equipment also offers an audio option, and large and high contrast type.

Plan your trip to an accessible voting Center early to avoid long lines on Election Day.
