

Learn to Go Green!

Two fun & free classes this summer to help you become even greener.

Mastering Recycling

Thursday, June 24, 6pm-8pm

Federal Way City Hall, Council Chambers

Have you ever wondered whether or not an item was recyclable? Come learn about the new rules of curbside recycling and beyond. This course will reveal why you don't have to look at the numbers on plastics, why the rules keep changing and why different things are recyclable in different cities. Attendees are encouraged to bring questions and any items that cause recycling confusion. A drawing will be held for an interior recycling container and items made with recycled materials.

Composting with Worms

Thursday, July 29, 6pm-7:30pm

Federal Way City Hall, Council Chambers

Learn how to set up and maintain a worm bin during this interactive course. Composting with worms is great for people without yard waste service who no longer want to send food to the landfill. Plus kids think 'red wiggler'

worms are fascinating! Bring your bin if you need help setting it up, and bring your questions and we'll troubleshoot together. A drawing will be held for a worm bin and kitchen scrap buckets.
